What We Are Doing

- Applying for Awards
- Veterans Day recognition for employees
- Holiday festivities for employees
- Hosting virtual tours
- Speaking Engagements
- Social Media
- Construction Outreach
- Branding Transition

Orange County Sanitation District

WESTMINSTER BLVD SEWER PROJECT

THE FACTS

What is this project?
 The project will replace and reconstruct nearly three miles of the existing sewer force main system consisting of two parallel 36-inch diameter sewer pipelines on Westminster Boulevard between Seal Beach Boulevard and Hammon Place/Rancho Road in the cities of Seal Beach and Westminster.

A force main system are pipes used to move wastewater under pressure by use of a pump station. Force mains are necessary when gravity flow is not sufficient to move wastewater.

Why is the project needed?
 The aging infrastructure is over 40 years old with only one of the two pipelines in service. This project is required to maintain a reliable and effective wastewater collection system expected to last 40-50 years.

When is the project scheduled?
 Construction is scheduled to begin as early as Spring 2020 and last until late 2022.

What impacts can be expected?
 OCSD is working diligently on this project to ensure every possible measure is taken to minimize public impacts. There may be traffic restrictions reducing the number of travel lanes. There may be elevated noise levels, vibration, and other related impacts. Mitigation measures will be put in place to ensure compliance with City ordinances as well as minimize the impacts to our neighbors. We are working closely with the cities, in addition to the OCTA 405 Improvement Project team.

About us
 The Orange County Sanitation District (OCSD) is a public agency that provides wastewater collection, treatment, and recycling services for approximately 2.6 million people in central and northwest Orange County. OCSD operates two facilities – Reclamation Plant No. 1 in Fountain Valley and Treatment Plant No. 2 in Huntington Beach – and treat an average of 185 million gallons of wastewater each day.

Questions?
 If you would like additional information, please call the OCSD Construction Hotline at (714) 378-2965 or e-mail ConstructionHotline@ocsd.com. For additional information on the Orange County Sanitation District please visit www.ocsd.com/westminster or through social media @ocsewers.

Awards

- **National Procurement Institute**
 - 2020 Achievement of Excellence in Procurement
- **National Association of Clean Water Agencies (NACWA)**
 - Excellence In Management Gold Recognition
