BACKGROUND

Development of an annual Asset Management Plan is one of the ongoing initiatives in the Orange County Sanitation District (OC San) Strategic Plan and is a goal in the General Manager's Work Plan. The Asset Management Plan documents the condition of all critical OC San assets and identifies and prioritizes the short- to long-term plan for asset maintenance, rehabilitation, and replacement.

- Sustain 1, 5, 20-year planning horizons
- Ensure the public's money is wisely spent
- Maintain a proactive asset management program

TIMING CONCERNS

The Asset Management Plan is updated annually and should be adopted by December 31, 2023.

ADDITIONAL INFORMATION

OC San's 2022 NPDES permit requires the submittal of an Asset Management Plan every five years. To satisfy this requirement, OC San transmits its annual Asset Management Plan to the EPA in January following adoption by the Board of Directors.
