Proposed Legislation 2022						
High Priority						
AB 1001	C. Garcia [D]	Amends the California Environmental Quality Act (CEQA) to 1) require mitigation to compensate for adverse air or water quality impacts in a disadvantaged community (DAC) to mitigate those impacts directly in the affected community and 2) require all public agencies implementing CEQA to give consideration to the principles of environmental justice by ensuring the fair treatment and meaningful involvement of people of all races, cultures, incomes, and national origins.	Dead	Watch	Legislative and Regulatory Policies: Air Quality - Support measures that maintain and enhance local decision-making authority, where appropriate, in the development and implementation of air quality attainment strategies.	ACC-OC - Oppose LOCC - Watch CASA - Disapprove CSDA - Oppose ACWA - Oppose
AB 1240	Ting [D]	Requires the Air Resources Board (ARB) to prepare an updated report on specified issues related to indoor air quality. Requires ARB, on or before January 1, 2025, to submit to the Legislature an addendum updating its prior indoor air quality report. Requires ARB to consider updates on potential health effects from ozone-emitting consumer products, natural gas sources, and per- and poly-flouroalkyl substances (PFAS).	Dead	Watch	Legislative and Regulatory Policies: Air Quality - Support measures that maintain and enhance local decision-making authority, where appropriate, in the development and implementation of air quality attainment strategies.	ACC-OC - NYC LOCC - Watch CASA - NYC CSDA - NYC ACWA - NYC
AB 1724	Stone [D]	Current law, to protect public health and water quality, regulates a broad range of consumer products and processes, including water softeners, water treatment devices, and backflow prevention devices, among others. This bill would require, on or before January 1, 2024, that all washing machines sold as new in California contain a microfiber filtration system. The bill would also require all state-owned washing machines to contain a microfiber filtration system.	Dead	Support	State Priorities: Support legislation or regulations that restrict the use of microplastics and chemicals of emerging concern in any product that is disposed of through the sewer system. BILL	AUTHOR	SUMMARY	LATEST ACTION	OC SAN POSITION	LEGISLATIVE PLAN	OTHER POSITIONS
AB 1817	Ting [D]	Existing law prohibits, beginning January 1, 2023, any person from distributing, selling, or offering for sale in the state any food packaging that contains regulated perfluoroalkyl and polyfluoroalkyl substances or PFAS, as defined, and requires a manufacturer to use the least toxic alternative when replacing regulated perfluoroalkyl and polyfluoroalkyl substances or PFAS in food packaging to comply with this requirement. Existing law similarly prohibits, beginning July 1, 2023, a person from selling or distributing in commerce in this state any new, not previously owned, juvenile product, as defined, that contains regulated PFAS chemicals. This bill would prohibit, beginning January 1, 2025, any person from manufacturing, distributing, selling, or offering for sale in the state any new, not previously owned, textile articles that contain regulated PFAS, except as specified, and requires a manufacturer to use the least toxic alternative when removing regulated PFAS in textile articles to comply with these provisions. The bill would require a manufacturer of a textile article to provide persons that offer the product for sale or distribution in the state with a certificate of compliance stating that the textile article is in compliance with these provisions and does not contain any regulated PFAS.	Signed into law	Watch	State Priorities: Monitor state legislation as well as State Water Resources Control Board (SWRCB) regulatory activity related to PFAS.	ACC-OC - NYC LOCC - Watch CASA - Support CSDA - Support ACWA - Favor
AB 1944	Lee [D]	Current law, the Ralph M. Brown Act, requires, with specified exceptions, that all meetings of a legislative body of a local agency, as those terms are defined, be open and public and that all persons be permitted to attend and participate. Current law, until January 1, 2024, authorizes a local agency to use teleconferencing without complying with those specified teleconferencing requirements in specified circumstances when a declared state of emergency is in effect, or in other situations related to public health. This bill would specify that if a member of a legislative body elects to teleconference from a location that is not public, the address does not need to be identified in the notice and agenda or be accessible to the public when the legislative body has elected to allow members to participate via teleconferencing. Allows, until January 1, 2030, members of a legislative body of a local agency to use teleconferencing without identifying each teleconference location in the notice and agenda of the meeting or proceeding, and without making each teleconference location accessible to the public, under specified conditions. BILL	AUTHOR	SUMMARY	LATEST ACTION	OC SAN POSITION	LEGISLATIVE PLAN	OTHER POSITIONS
AB 1985	Rivas [D]	Current law requires, no later than January 1, 2018, the State Air Resources Board to approve and begin implementing a comprehensive short-lived climate pollutant strategy to achieve a reduction in statewide emissions of methane by 40%, hydrofluorocarbon gases by 40%, and anthropogenic black carbon by 50% below 2013 levels by 2030. Current law requires the methane emissions reduction goals to include a 50% reduction in the level of the statewide disposal of organic waste from the 2014 level by 2020 and a 75% reduction by 2025. Current law requires the Department of Resources Recycling and Recovery, in consultation with the state board, to adopt regulations to achieve these organic waste reduction goals that include, among other things, requirements intended to meet the goal that not less than 20% of edible food that is currently disposed of be recovered for human consumption by 2025 and that may include penalties to be imposed by the department for noncompliance, as provided. The department's regulations provide for, among other things, the calculation by the department of recovered organic waste product procurement targets for each local jurisdiction. This bill would require any penalties imposed by the department on a local jurisdiction that fails to meet its recovered organic waste procurement target to be imposed pursuant to a specified schedule based on the percentage of the local jurisdiction's recovered organic waste product procurement target achieved. The bill would exempt jurisdictions in possession of a specified rural exemption from these requirements until December 31, 2026.	Signed into law	Watch	Legislative and Regulatory Policies: Biosolids, Organics, and Biogas - Support compost associations and local cities and agencies in education, market expansion activities, and meeting mandates to buy-back compost and other organics diverted from landfill.	ACC-OC - NYC LOCC - Sponsor CASA - Support if Amended CSDA - NYC ACWA - NYC
AB 2026	Friedman [D]	Would prohibit an online retailer that sells or offers for sale and ships purchased products in or into the state from using single-use plastic packaging that consists of shipping envelopes, cushioning, or void fill to package or transport the products, on and after January 1, 2024, for large online retailers, as defined, and on and after January 1, 2026, for small online retailers, as defined. The bill would prohibit a manufacturer, retailer, producer, or other distributor that sells or offers for sale and ships purchased products in or into the state from using expanded or extruded polystyrene packaging to package or transport the products, except as provided.	Dead	Watch	State Priorities: Support legislation or regulations that restrict the use of microplastics and chemicals of emerging concern in any product that is disposed of through the sewer system. BILL	AUTHOR	SUMMARY	LATEST ACTION	OC SAN POSITION	LEGISLATIVE PLAN	OTHER POSITIONS
AB 2247	Bloom [D]	This bill would require the Department of Toxic Substances Control to work with the Interstate Chemicals Clearinghouse to establish, on or before January 1, 2024, a publicly accessible reporting platform to collect information about PFAS and products or product components containing regulated PFAS, as defined, being sold, offered for sale, distributed, or offered for promotional purposes in, or imported into, the state. This bill would require a manufacturer to provide, within 30 days, a certificate attesting that the manufacturer's PFAS or product or product component containing PFAS complies with certain requirements. The bill would subject a manufacturer who violates this requirement to civil penalties not to exceed \$2,500 per day, up to a maximum of \$100,000 for each violation.	Vetoed	Support	State Priorities: Monitor state legislation as well as State Water Resources Control Board (SWRCB) regulatory activity related to PFAS. AB 2357	Ting [D]	Current law prescribes requirements for the disposal of surplus land by a local agency, as defined, and requires, except as provided, a local agency disposing of surplus land to comply with certain notice requirements before disposing of the land or participating in negotiations to dispose of the land with a prospective transferee, particularly that the local agency send a notice of availability to specified entities that have notified the Department of Housing and Community Development of their interest in surplus land, as specified. Under current law, if the local agency receives a notice of interest, the local agency is required to engage in good faith negotiations with the entity desiring to purchase or lease the surplus land. This bill would also require the department to maintain on its internet website a listing of all entities, including housing sponsors, that have notified the department of their interest in surplus land for the purpose of developing low- and moderate-income housing.	Dead	Watch	Legislative and Regulatory Policies: Special Districts - Oppose further state regulations that adversely impact special district financing, operations, and administration. AB 2374	Bauer-Kahan [D]	Current law prohibits the dumping of waste matter upon a road or highway or in other locations, as specified. A violation of this prohibition, generally, is an infraction punishable by specified fines that escalate for subsequent convictions. Under current law, the court may, as a condition of probation, order the convicted person to remove, or pay for the removal of, the waste matter. This bill would increase the maximum fine for the dumping of commercial quantities of waste by a business that employs more than 10 employees from \$3,000 to \$5,000 for the first conviction, from \$6,000 to \$10,000 for the second conviction, and from \$10,000 to \$20,000 for the third and any subsequent convictions. The bill would require a court, when imposing a fine, to consider the defendant's ability to pay, as specified.	Signed into law	Watch	Legislative and Regulatory Policies: Biosolids, Organics, and Biogas - Support compost associations and local cities and agencies in education, market expansion activities, and meeting mandates to buy-back compost and other organics diverted from landfill. BILL	AUTHOR	SUMMARY	LATEST ACTION	OC SAN POSITION	LEGISLATIVE PLAN	OTHER POSITIONS
AB 2647	Levine [D]	The Ralph M. Brown Act requires the meetings of the legislative body of a local agency to be conducted openly and publicly, with specified exceptions. Current law makes agendas of public meetings and other writings distributed to the members of the governing board disclosable public records, with certain exceptions. Current law requires a local agency to make those writings distributed to the members of the governing board available for public inspection at a public office or location that the agency designates. This bill would instead require a local agency to make those writings distributed to the members of the governing board available for public inspection at a public office or location that the agency designates or post the writings on the local agency's internet website in a position and manner that makes it clear that the writing relates to an agenda item for an upcoming meeting. BILL	AUTHOR	SUMMARY	LATEST ACTION	OC SAN POSITION	LEGISLATIVE PLAN	OTHER POSITIONS
SB 45	Portantino [D]	Current law requires the Department of Resources Recycling and Recovery, in consultation with the State Air Resources Board, to adopt regulations to achieve the organic waste reduction goals established by the state board for 2020 and 2025, as provided. Current law requires the department, no later than July 1, 2020, and in consultation with the state board, to analyze the progress that the waste sector, state government, and local governments have made in achieving these organic waste reduction goals. Current law authorizes the department, if it determines that significant progress has not been made toward achieving the organic waste reduction goals established by the state board, to include incentives or additional requirements in its regulations to facilitate progress towards achieving the goals. This bill would require the department, in consultation with the state board, to assist local jurisdictions in complying with these provisions, including any regulations adopted by the department.
