If, within the 12-month period following completion of its services, OC San informs the CONSULTANT that any part of the services fails to meet those standards, the CONSULTANT shall, within the time prescribed by OC San, take all such actions as are necessary to correct or complete the noted deficiency(ies).

SECTION 20. INDEMNIFICATION

To the fullest extent permitted by law, the CONSULTANT shall indemnify, defend (at the CONSULTANT’s sole cost and expense and with legal counsel approved by OC San, which approval shall not be unreasonably withheld), protect and hold harmless OC San and all of OC San’s officers, directors, employees, consultants, and agents (collectively the “Indemnified Parties”), from and against any and all claims, damages, liabilities, causes of action, suits, arbitration awards, losses, judgments, fines, penalties, costs, and expenses (including, without limitation, attorneys’ fees, disbursements and court costs, and all other professional, expert, or CONSULTANT’s fees and costs, and OC San’s general and administrative expenses) individually, a “Claim” and collectively, “Claims”, which may arise from or are in any manner related, directly or indirectly, to any work performed or any operations, activities, or services provided by the CONSULTANT in carrying out its obligations under this Agreement to the extent of the negligent, recklessness, and/or willful misconduct of the CONSULTANT, its principals, officers, agents, employees, CONSULTANT’s suppliers, Subconsultants, Subcontractors, and/or anyone employed

directly or indirectly by any of them, regardless of any contributing negligence or strict liability of an Indemnified Party. Notwithstanding the foregoing, nothing herein shall be construed to require the CONSULTANT to indemnify the Indemnified Parties from any Claim arising solely from:

- (A) the active negligence or willful misconduct of the Indemnified Parties; or
- (B) a natural disaster or other act of God, such as an earthquake; or
- (C) the independent action of a third party who is neither one of the Indemnified Parties nor the CONSULTANT, nor its principal, officer, agent, employee, nor the CONSULTANT's supplier, Subconsultant, Subcontractor, nor anyone employed directly or indirectly by any of them.

Exceptions (A) through (B) above shall not apply, and the CONSULTANT shall, to the fullest extent permitted by law, indemnify the Indemnified Parties from Claims arising from more than one cause if any such cause taken alone would otherwise result in the obligation to indemnify hereunder.

The CONSULTANT's liability for indemnification hereunder is in addition to any liability the CONSULTANT may have to OC San for a breach by the CONSULTANT of any of the provisions of this Agreement. Under no circumstances shall the insurance requirements and limits set forth in this Agreement be construed to limit the CONSULTANT's indemnification obligation or other liability hereunder. The terms of this Agreement are contractual and the result of negotiation between the Parties. Accordingly, any rule of construction of contracts (including, without limitation, California Civil Code section 1654) that ambiguities are to be construed against the drafting Party shall not be employed in the interpretation of this Agreement.

SECTION 21. DUTY TO DEFEND

The duty to defend hereunder is wholly independent of and separate from the duty to indemnify and such duty to defend shall exist regardless of any ultimate liability of the CONSULTANT and shall be consistent with Civil Code section 2782.8. Such defense obligation shall arise immediately upon presentation of a Claim by any person if, without regard to the merit of the Claim, such Claim could potentially result in an obligation to indemnify one or more Indemnified Parties and upon written notice of such Claim being provided to the CONSULTANT. Payment to the CONSULTANT by any Indemnified Party or the payment or advance of defense costs by any Indemnified Party shall not be a condition precedent to enforcing such Indemnified Party's rights to indemnification hereunder. In the event a final judgment, arbitration, award, order, settlement, or other final resolution expressly determines that the Claim did not arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the CONSULTANT, to any extent, then OC San will reimburse the CONSULTANT for the reasonable costs of defending the Indemnified Parties against such Claims.

The CONSULTANT's indemnification obligation hereunder shall survive the expiration or earlier termination of this Agreement until such time as action against the Indemnified Parties for such matter indemnified hereunder is fully and finally barred by the applicable statute of limitations.

SECTION 22. COMPLIANCE WITH OC SAN POLICIES AND PROCEDURES

The CONSULTANT shall be required to comply with all OC San policies and procedures. OC San requires the CONSULTANT and its Subconsultants/Subcontractors to follow and ensure their employees follow all Federal, State, and local regulations as well as OC San’s safety standards while working at OC San locations. If during the course of the contract it is discovered that OC San’s safety standards do not comply with Federal, State, or local regulations, then the CONSULTANT is required to follow the most stringent regulatory requirement at no additional cost to OC San. The CONSULTANT and all of its employees and Subconsultants/Subcontractors shall adhere to all applicable Contractor Safety Standards attached hereto as Attachment “L”.

SECTION 23. GOVERNING LAW

This Agreement shall be governed by and interpreted under the laws of the State of California and the Parties submit to jurisdiction in Orange County in the event any action is brought in connection with this Agreement or the performance thereof.

SECTION 24. TIME OF ESSENCE

Time is of the essence in the performance of this Agreement.

SECTION 25. CONFLICT OF INTEREST

The CONSULTANT covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of the services contemplated by this Agreement. No person having such interest shall be employed by or associated with the CONSULTANT.

SECTION 26. ENTIRE AGREEMENT

This Agreement constitutes the entire understanding and agreement between the Parties and supersedes all previous negotiations between them pertaining to the subject matter hereof.

[THIS SECTION INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, this Agreement has been executed in the name of OC San and the CONSULTANT by their respective duly authorized officers, as of the date first written above.

SAMPLE SCOPE OF WORK DESCRIPTION

OC SAN staff will develop detailed scope of work to be included in each Request for Task Order Proposal (RFTOP). The RFTOP will require Consultants to base their proposals on the scope of work included in the RFTOP. The remainder of this document are the templates typically used for design projects. Notes to scope editor are shown, although they will be removed before a scope of work is included in a RFTOP. Yellow highlighted text indicates where project specific information or a hypothetical example is given.

Design Task Order

Attachment A - Scope of Work

1 PROJECT REQUIREMENTS

Provide professional design engineering services for the project described herein.

1.1 BACKGROUND

- A. The Secondary Clarifiers at Plant No. 1 were constructed under Project Nos. P1-16 (1973), P1-36-2 (1995), and P1-82 (2005). A buried ductile iron plant water line around the secondary clarifiers feeds the scum sprayers and hose bibs. Because the plant water chemical composition is so corrosive to ductile iron, many failures have occurred.

1.2 GENERAL PROJECT DESCRIPTION

- A. This project includes the replacement of approximately 1800 feet of existing 6-inch ductile iron buried plant water piping, valves, fittings, and connections.
- B. A location map is provided in **Figure 1**.

[insert location map]

Figure 1 - Project Location Map

1.3 PROJECT ELEMENTS

- A. **Element 1: Piping** – Replace the existing 1,800 feet of 6-inch buried ductile iron plant water piping with new 6-inch plant water piping.
- B. Assumptions for level of effort:
 - 1. 1,600 feet of piping shall be below grade and 200 feet shall be either above or below grade.
 - a. 1,600 feet of piping is located around the Secondary Clarifiers. Assume high-density polyethylene (HDPE) as the pipe material with appropriate dimension ratio value.
 - b. 200 feet of piping will re-route the existing plant water line on the northwest end of the Secondary Clarifiers. Recent projects disconnected the existing plant water line at various locations resulting in an incomplete loop. This piping will reconnect the lines to allow for a complete loop. See Exhibit 13.1 for photos and Exhibit 13.3 for proposed routing design.
 - (1) For above grade pipe material, assume cement-lined ductile iron or fiberglass-reinforced plastic.
 - 2. Follow existing alignment with new pipe. New alignments shall be kept as close to the existing alignment as feasible.
 - a. The Secondary Effluent Junction Box No. 4 (SEJB-4), located at the southwest corner of the Secondary Clarifiers, is congested with various utilities, such as plant water, secondary effluent, and reclaimed water lines, and associated valves. Follow the existing alignment in this important area.
 - b. Concrete encasement of HDPE, located on the west side of the Secondary Clarifiers on Fuentes Road, was installed under project P1-102 (2006). Assume potholing is necessary to survey the edge of the concrete and confirm the limits of the existing concrete encasement

do not interfere with this project. As much as possible, the new alignment shall avoid the concrete encasement.

1.4 PROJECT SCHEDULE

- A. **Table 1** lists major project deliverables along with Orange County Sanitation District’s (OC SAN) review and approval periods. CONSULTANT shall comply with the deadlines indicated in that table. OC SAN will consider an alternative CONSULTANT proposed schedule provided it is consistent with OC SAN resources, schedule constraints, and adds value. The negotiated durations will set the design baseline schedule.
