Proposed Legislation 2024						
High Priority						
AB 347	Ting [D]	Current law prohibits juvenile products, textile articles, and food packaging that contain specified levels of perfluoroalkyl and polyfluoroalkyl substances (PFAS) from being distributed, sold, or offered for sale in the state, as provided. This bill would require the Department of Toxic Substances Control, on or before January 1, 2026, to adopt regulations for the enforcement of those prohibitions on the use of PFAS. The bill would require manufacturers of these products, on or before July 1, 2026, to register with the department, to pay a registration fee to the department, and to provide a statement of compliance certifying compliance with the applicable prohibitions on the use of PFAS to the department, as specified. The bill would authorize the department to test products and to rely on third-party testing to determine compliance with prohibitions on the use of PFAS, as specified. The bill would authorize or require, as specified, the department to issue a notice of violation for a product in violation of the prohibitions on the use of PFAS, as provided. BILL	AUTHOR	SUMMARY	LATEST ACTION	OC SAN POSITION	LEGISLATIVE PLAN	OTHER POSITIONS
AB 1820	Schiavo [D]	Current law requires a city or county to deem an applicant for a housing development project to have submitted a preliminary application upon providing specified information about the proposed project to the city or county from which approval for the project is being sought. Current law requires a housing development project be subject only to the ordinances, policies, and standards adopted and in effect when the preliminary application was submitted. This bill would authorize a development proponent that submits a preliminary application for a housing development project to request a preliminary fee and exaction estimate, as defined, and would require the local agency to provide the estimate within 30 business days of the submission of the preliminary application. For development fees imposed by an agency other than a city or county, the bill would require the development proponent to request the fee schedule from the agency that imposes the fee. AB 2257	Wilson [D]	The California Constitution specifies various requirements with respect to the levying of assessments and property-related fees and charges by a local agency, including notice, hearing, and protest procedures, depending on the character of the assessment, fee, or charge. Current law, known as the Proposition 218 Omnibus Implementation Act, prescribes specific procedures and parameters for local jurisdictions to comply with these requirements. This bill would prohibit, if a local agency complies with specified procedures, a person or entity from bringing a judicial action or proceeding alleging noncompliance with the constitutional provisions for any new, increased, or extended fee or assessment, as defined, unless that person or entity has timely submitted to the local agency a written objection to that fee or assessment that specifies the grounds for alleging noncompliance, as specified. This bill would provide that local agency responses to the timely submitted written objections shall go to the weight of the evidence supporting the agency's compliance with the substantive limitations on fees and assessments imposed by the constitutional provisions. AB 2515	Papan [D]	This bill would similarly prohibit any person from manufacturing, distributing, selling, or offering for sale in the state any menstrual products that contain regulated PFAS, as defined. The bill would authorize the Department of Toxic Substances Control to adopt guidance or regulations, as specified, for the purposes of implementing and enforcing these provisions. The bill would require the department to issue guidance related to testing for regulated PFAS in menstrual products and would exempt that guidance from the Administrative Procedure Act. The bill would authorize the department to issue a cease and desist order to a manufacturer of a menstrual product under specified circumstances. The bill would make a violation of these provisions punishable by civil penalties, as specified, and would authorize the Attorney General by request of the department, a city attorney, a county counsel, or a city prosecutor to bring an action to enforce these provisions. The bill would create, and would require all moneys collected from penalties to be deposited in, the T.A.M.P.O.N. Act Fund. AB 2533	Carrillo [D]	This bill would prohibit a local agency from denying a permit for an unpermitted accessory dwelling unit or junior accessory dwelling unit that was constructed before January 1, 2020, for certain violations, unless the local agency makes a finding that correcting the violation is necessary to comply with conditions that would otherwise deem a building substandard. The bill would require a local agency to inform the public about the provisions prohibiting denial of a permit for an unpermitted accessory dwelling unit or junior accessory dwelling unit. The bill would require this information to include a checklist of the conditions that deem a building substandard and to inform homeowners that, before submitting a permit application, the homeowner may obtain a confidential third-party code inspection from a licensed contractor. The bill would prohibit a local agency from requiring a homeowner to pay impact fees or connection or capacity charges except under specified circumstances. AB 2557	Ortega [D]	Existing law relating to the government of counties authorizes a county board of supervisors to contract for certain types of special services on behalf of the county, any county officer or department, or any district or court in the county. Existing law requires those special services contracts to be with persons who are specially trained, experienced, expert, and competent to perform those services. This bill would require each person who enters into a specified contract for special services with the board of supervisors to submit semiannual performance reports, as prescribed, every 180 days, to the board of supervisors and the exclusive representative of the employee organization. The bill would require the board or its representative to monitor semiannual performance reports to evaluate the quality of services. The bill would require contract terms exceeding 2 years to undergo a performance audit, as prescribed, by an independent auditor approved by the board to determine whether the performance standards are being met. AB 3073	Haney [D]	Would require the State Department of Public Health, in consultation with participating wastewater treatment facilities, local public health agencies, and other subject matter experts, to create a pilot program to test for high-risk substances and related treatment medications in wastewater. Under the bill, the goal of the program would be to determine how wastewater data can be used by state and local public health programs to address substance abuse in California. The bill would require the department to develop a list of target substances to be analyzed during the program that may include cocaine, fentanyl, methamphetamine, xylazine, methadone, buprenorphine, and naloxone. The bill would require the department, on or before July 1, 2025, to solicit voluntary participation from local public health agencies and wastewater treatment facilities, as specified. The bill would require the department to work with the participating agencies and facilities to collect samples and to arrange for those samples to be tested by qualified laboratories. The bill would require the department, in consultation with public health agencies and subject matter experts, to analyze test results to determine possible public health interventions. SB 937	Wiener [D]	The Permit Streamlining Act, among other things, requires a public agency that is the lead agency for a development project to approve or disapprove that project within specified time periods. Current law extended by 18 months the period for the expiration, effectuation, or utilization of a housing entitlement, as defined, that was issued before, and was in effect on, March 4, 2020, and that would expire before December 31, 2021, except as specified. Current law provides that if the state or a local agency extended the otherwise applicable time for the expiration, effectuation, or utilization of a housing entitlement for not less than 18 months, as specified, that housing entitlement would not be extended an additional 18 months pursuant to these provisions. This bill would extend by 24 months the period for the expiration, effectuation, or utilization of a housing entitlement, entitlement for a priority residential development project, as those terms are defined, that was issued before January 1, 2024, and that will expire before December 31, 2025, except as specified. The bill would toll this 24-month extension during any time that the housing entitlement is the subject of a legal challenge. By adding to the duties of local officials with respect to housing entitlements, this bill would impose a state-mandated local program. The bill would include findings that changes proposed by this bill address a matter of statewide concern rather than a municipal affair and, therefore, apply to all cities, including charter cities. SB 1072	Padilla [D]	The California Constitution sets forth various requirements for the imposition of local taxes. The California Constitution excludes from classification as a tax assessments and property-related fees imposed in accordance with provisions of the California Constitution that establish requirements for those assessments and property-related fees. Under these requirements, an assessment is prohibited from being imposed on any parcel if it exceeds the reasonable cost of the proportional special benefit conferred on that parcel, and a fee or charge imposed on any parcel or person as an incident of property ownership is prohibited from exceeding the proportional cost of the service attributable to the parcel. Current law, known as the Proposition 218 Omnibus Implementation Act, prescribes specific procedures and parameters for local compliance with the requirements of the California Constitution for assessments and property-related fees. This bill would require a local agency, if a court determines that a fee or charge for a property-related service, as specified, violates the above-described provisions of the California Constitution relating to fees and charges, to credit the amount of the fee or charge attributable to the violation against the amount of the revenues required to provide the property-related service, unless a refund is explicitly provided for by statute. BILL	AUTHOR	SUMMARY	LATEST ACTION	OC SAN POSITION	LEGISLATIVE PLAN	OTHER POSITIONS
SB 1147	Portantino [D]	The Sherman Food, Drug, and Cosmetic Law regulates, among other things, the manufacture, production, processing, and packing of any food, drug, device, or cosmetic, and is administered by the State Department of Public Health. The law prescribes various quality and labeling standards for bottled water and vended water, and limits the levels of certain contaminants that may be contained in those water products. Current law makes a violation of the law or regulation adopted pursuant to the law a crime. Current law requires, as a condition of licensure, a water-bottling plant, as defined, to annually prepare a water-bottling plant report, as specified, and to make the report available to each customer, upon request. This bill would require, upon adoption by the State Water Resources Control Board of a primary drinking water standard for microplastics, any water-bottling plant that produces bottled water that is sold in this state to provide the State Department of Public Health's Food and Drug Branch an annual report on the levels of microplastics found in the source water used for bottling and in the final bottled water product that is offered for sale, as provided. The bill would require this report to be included with the annual water-bottling plant report and, upon request, be made available to each consumer. BILL	AUTHOR	SUMMARY	LATEST ACTION	OC SAN POSITION	LEGISLATIVE PLAN	OTHER POSITIONS
SB 1266	Limon [D]	Current law, part of the hazardous waste control law, requires the Department of Toxic Substances Control to adopt regulations to establish a process by which chemicals or chemical ingredients in products may be identified and prioritized for consideration as being chemicals of concern and to adopt regulations to establish a process by which chemicals of concern may be evaluated. Current law prohibits the manufacture, sale, or distribution in commerce of any bottle or cup that contains bisphenol A, as specified, if the bottle or cup is designed or intended to be filled with any liquid, food, or beverage intended primarily for consumption by children 3 years of age or younger. The prohibition above does not apply to a product subject to a regulatory response by the department as of the date that the department posts a prescribed notice regarding the department's adoption of the regulatory response. Existing law additionally requires manufacturers to use the least toxic alternative when replacing bisphenol A in containers and prohibits manufacturers from replacing bisphenol A with chemicals known to cause cancer or reproductive harm, as specified. This bill would, on and after January 1, 2026, instead apply the above prohibitions and requirements to any juvenile's feeding product or juvenile's sucking or teething product, as defined, that contains any form of bisphenol, as defined, at a detectable level above 0.1 parts per billion. The bill would authorize the department to establish standards for the juvenile's products above that are more protective of public health, sensitive populations, or the environment than the standards established by the bill. Bills of Interest**

BILL	AUTHOR	SUMMARY	LATEST ACTION	OC SAN POSITION	LEGISLATIVE PLAN	OTHER POSITIONS
SB 1420	Caballero [D]	(1)The California Environmental Quality Act (CEQA) requires preparation of specified documentation before a public agency approves or carries out certain projects. Existing law authorizes the Governor to certify energy infrastructure projects meeting specified requirements for streamlining benefits related to CEQA. Existing law defines “energy infrastructure project” for these purposes to include eligible renewable energy resources under the California Renewables Portfolio Standard Program, excluding resources that use biomass fuels. Existing law expressly excludes from that definition of “energy infrastructure project” any project using hydrogen as a fuel. This bill would instead exclude from the definition of “energy infrastructure project” for purposes of the CEQA streamlining benefits eligible renewable energy resources under the California Renewables Portfolio Standard Program that combust, rather than use, biomass fuels. The bill would include hydrogen production facilities and associated onsite storage and processing facilities that meet specified conditions, including that the facilities have received funding from the state or federal government on or before January 1, 2032, and do not use fossil fuel as a feedstock or energy source, within the definition of “energy infrastructure project.” Because the bill would authorize the Governor to certify additional projects, thereby increasing the duties on lead agencies in conducting the environmental review of energy infrastructure projects certified by the Governor, this bill would impose a state-mandated local program.	Currently in the Assembly Appropriations Committee.	Watch	Legislative and Regulatory Policies: Public Works: Support a comprehensive response to the state's electricity and natural gas shortages that provide a stable energy supply, respects the ability of municipalities to provide power, recognizes that infrastructure exists that could be employed temporarily during periods with minimal air quality impact and protects ratepayers against dramatic rate increases and statewide power outages.
