

Public Affairs Strategic Plan FY 2024-2026

Introduction

The Orange County Sanitation District's (OC San) Public Affairs Office (PAO) is responsible for managing all internal and external communications. The PAO's main goal is to ensure messages are accurate, transparent, and build public trust and confidence. An integrated Public Affairs Strategic Plan is essential for effectively addressing the diverse audiences we serve.

The PAO offers services, tools, and programs to meet OC San's communication needs. This includes media relations, website and intranet site content, construction outreach, elected officials and government relations, internal communications, education, outreach, and graphic development.

The PAO has developed a Strategic Plan (Plan) for Fiscal Years 2024 - 2026. This Plan is developed based upon the principles of OC San's Mission of protecting public health and the environment and will support the implementation of OC San's Strategic Plan. This Plan offers a vision to unify our communication efforts and focus resources to achieve the greatest impact and greatest results.

Because much of what is planned and created by this group is based on external factors and therefore outside of our control, flexibility and fluidity is integrated into the Plan. The PAO will follow the guidance set forth by management and the Board of Directors to carry out OC San's messaging and support our member agencies.

Background Information

OC San represents 20 cities, 4 special districts, and a portion of the unincorporated County of Orange. This area represents a community of 2.6 million people with approximately 550,000 customer accounts.

Unlike most public agencies where there is direct contact with customers, OC San's billing occurs through the County of Orange property tax bills. Therefore, OC San must work through other means to communicate with the public and the rate payers.

We have a 25-member Board of Directors, and more than 650 employees within six departments with various goals and objectives. While these groups work independently on a variety of projects, the goal of the PAO is to provide support and messaging that is consistent throughout the agency so that we are one voice, representing the same overall goals, and portraying the same brand.

There are many challenges with serving such a large and diverse customer base, however; there are also great opportunities working through the strategies laid out in this Plan.

Public Affairs Team

The division is staffed with seven full-time employees and overseen by a supervisor and a department head.

Jennifer Cabral, Director of Communications

Daisy Covarrubias, Public Affairs Supervisor

Rebecca Long, Senior Public Affairs Specialist

Belen Carrillo, Senior Public Affairs Specialist

Kelly Newell, Public Affairs Specialist

Public Affairs Specialist – Vacant

Gregg Deterding, Graphics Designer

Isai Carrillo, Graphics Designer

Cheryl Scott, Administrative Assistant

Each of these team members carry out specific functions to meet the communication goals and objectives laid out in this Plan.

Situation Analysis

- OC San approved a five-year rate program in 2023. Public communication must account for the financial impact on OC San ratepayers as decisions and proposed fees for the next five years are developed and communicated.
- OC San must continue to attract talented and qualified personnel to fill vacancies. Effectively communicating OC San's culture and emphasizing the importance of professional relationships is essential to the effectiveness and functionality of the agency.
- OC San will have new Board leadership and is anticipating a high turnover post the November 2024 election. Continuous engagement with the Board of Directors will be critical for the success of this agency.

- As an essential service, OC San has continued to execute the Capital Improvement Program (CIP) to keep the regional projects on schedule, improving and maintaining the regional sewer system throughout the service area. In the next two fiscal years, OC San plans to award 38 construction contracts worth a total of \$340 million.
- OC San administrative staff have moved into a new Headquarters across the street from Plant No. 1, in Fountain Valley. The new building houses over 300 staff members that were previously spread across 10 buildings. Internal communications and engagement will need to become a greater focal point to ensure OC San's culture remains positive between staff located at the Plants, and staff at Headquarters.

Mission

The Public Affairs Office is committed to communicating information about OC San in a timely, accurate and accessible way to the employees, the Board of Directors, our member agencies, elected officials, the public, and the news media.
