2022 BENEFITS INSURANCE RENEWAL

GENERAL MANAGER'S RECOMMENDATION

RECOMMENDATION: Recommend to the Board of Directors to:

Approve the Orange County Sanitation District 2022 Benefits Insurance Renewal for the amount of \$12,322,235 for active employees and \$518,340 for retiree-paid health premiums, for an overall not-to-exceed amount of \$12,840,575, as specified below:

- A. WORKTERRA (medical, dental, and vision plans; and Employee Assistance Program [EAP]) - Not to Exceed \$11,745,607;
- B. The Standard (basic life, short- and long-term disability) - Not to Exceed \$514,178;
- C. The Standard (EMT & Manager disability) - Not to Exceed \$30,000;
- D. BenefitWallet (Health Savings Accounts [HSA]) - Not to Exceed \$32,450;
- E. WORKTERRA (additional retiree costs, recouped from retirees through premium payments) - Not to Exceed \$518,340; and
- F. Approve a contingency of \$642,029 (5%).

BACKGROUND

In accordance with collective bargaining agreements, the Orange County Sanitation District (OC San) has a contractual obligation to provide healthcare and welfare insurance benefits to employees and eligible dependents.

Over the years, Human Resources (HR) has implemented ongoing cost-containment measures to include: joining a risk-sharing pool under Public Risk Innovation, Solutions, and Management (PRISM)*; making plan design changes to align with best practices; bundling insurance coverages; and negotiating rate guarantees.

** In June 2020, California State Association of Counties - Excess Insurance Authority (CSAC-EIA) officially rebranded and changed their name to Public Risk Innovation, Solutions, and Management (PRISM).*

OC San, in conjunction with the health insurance broker, Alliant, began the renewal process for the agreed to benefits in March and received quotes in June. After negotiating with the insurance carriers, OC San was able to secure competitive rates without compromising the level of benefits provided to employees and eligible dependents.

The cost of the active employee insurance coverage will decrease by 8.8% overall for the 2022 Plan Year (actual costs from \$13,518,130 to \$12,322,235). Key factors to the decrease included OC San's significantly low medical insurance utilization rate and cost savings measures adopted by the PRISMHealth pool (PRISM). Additional contributing factors include the organization's immediate and ongoing actions during the COVID-19 pandemic to ensure the health and safety of the employees while maintaining full operations and service to the public. As a result, OC San had one of the lowest health insurance utilization rates in PRISM and received one of the largest decreases in premiums for the 2022 plan year.

Employees share in the cost of medical and dental insurance. For medical insurance coverage, employees who select employee-only HMO coverage contribute 10% of the premium cost, while those that select employee-only PPO-level coverage, employee-plus-one coverage, or family coverage contribute 20% of the premium costs. For dental coverage, all employees contribute 20% of the premium costs. OC San covers the cost of vision insurance, basic life insurance, short-term disability, long-term disability (only for those employees with at least five years of service), EMT and Manager disability, and Employee Assistance Program services.

A contingency budget in the amount of \$642,029, or 5% of the total cost for employee and retiree benefits insurance, is requested. This contingency budget may be utilized in the event there are unforeseen additional costs due to fluctuations such as employees retiring/resigning, hiring of new employees, overall changes to staff numbers as employees are placed on and off plans throughout the year, changes in employee plan selection during the open enrollment period scheduled for October 2021 for the 2022 plan year, additions of dependents or spouse/partners, changes in employees' eligibility, and other factors.

OC San retirees have the option to remain on OC San's medical and/or dental insurance, and the majority of retirees are responsible for 100% of their premiums. However, a portion of retirees hired prior to July 1, 1988 receive a limited duration of OC San-paid medical insurance upon retirement. Retirees falling within this group receive 2.5 months of OC San-paid medical insurance for each year of continuous service. Employees hired after July 1, 1988, are ineligible for this benefit. Therefore, the benefit will reduce and eventually expire over time as the remaining employees within this group retire and as the limited duration of each eligible retiree's benefit is completed. Out of the \$1,191,432 for retiree insurance coverage, the cost for retirees in this group is \$673,092 and is factored into Item A of the Recommendation.

Out of the \$1,191,432 for retiree insurance coverage, \$518,340 is expected to be reimbursed by the retirees. Although these costs are paid by the retirees themselves and are not expected to be paid by OC San, we are incorporating the item herein for transparency purposes and to ensure adequate funding as we pay in advance and are reimbursed at a later date by the retiree.

For the 2022 Plan Year, OC San will be transitioning its Life and Disability Insurance coverages from Prudential to The Standard. This change is based on cost savings and the ability of the new carrier to closely match OC San's current contract while providing a number of enhancements and value-added services, customer service improvements, and positive feedback from public sector clients of the new carrier.

In prior years, the overall increase to insurance was 4.1% for Plan Year 2019, 0.1% for Plan Year 2020, and -1.4% for Plan Year 2021.

In May 2015, the Board of Directors approved moving OC San's medical insurance from direct contracts with the carriers to joining the insurance risk sharing pool under PRISM. The association with PRISM resulted in immediate and future cost savings to OC San in medical insurance premiums and dictated a change from fiscal to calendar-based plan year, from January through December. Staff typically presents the benefits renewal information to the Board of Directors annually every July, for an effective date of January 1 of the year thereafter. The move to PRISM has proven to be beneficial based on the rate increases OC San has received in the past few years.

RELEVANT STANDARDS

- Offer competitive compensation and benefits
- Comply with OC San Policy: 4.1, Insurance

PROBLEM

OC San has a contractual obligation to provide healthcare and welfare insurance benefits to employees and eligible dependents, and any benefit changes are subject to the meet and confer process with the unions. Additionally, OC San is required to hold an annual benefits open enrollment period every October to provide employees and eligible dependents the opportunity to make changes to their benefit elections, for an effective date of January 1 of the year thereafter. Insurance contracts are required to be finalized in August 2021, ahead of open enrollment.

Each year, the benefit renewal data used in cost projections is calculated based on the census data, which is required by the insurance carriers eight months in advance of the plan year. Throughout the plan year, changes in employee composition such as new hires, employee plan selection, and turnover, may result in a change in actual costs. Based on the required timelines, projected costs and actual costs will vary year to year.

PROPOSED SOLUTION

Approve the benefits insurance renewals with the respective carriers and the contingency, as described above, to ensure continued coverage for employees and eligible dependents.

TIMING CONCERNS

Insurance renewal deadlines are in August to finalize preparations for the October benefits open enrollment and for continued coverage for OC San employees and eligible dependents, in accordance with collective bargaining agreements and personnel policies.

RAMIFICATIONS OF NOT TAKING ACTION

Without Board approval, OC San cannot finalize the contracts with the insurance carriers in August for the 2022 Plan Year. A lapse in payment to the insurance carriers would result in the interruption of medical, dental, vision, EAP, life, and disability coverage and services to employees and eligible dependents; and OC San would not be meeting its obligation to provide these benefits as provided for in collective bargaining agreements and personnel policies.

continued for up to 26 weeks. OC San pays the entire cost of coverage for regular full-time and part-time employees. Coverage will be offered through The Standard.

Long-Term Disability Insurance

The long-term disability insurance plan protects employees when an illness or injury makes it impossible for them to work for an extended period of time. Under the plan, employees who are disabled for more than 90 days are eligible to receive a benefit of 67% of their basic monthly pay up to \$5,000/month. OC San pays the entire cost of coverage for regular full-time and part-time employees with five or more years of service. Coverage will be offered through The Standard.
