What We Are Doing

- Community Newsletter
- Vendor Outreach Program
- Construction Outreach
 - Westminster
 - Los Alamitos
- Internal Communications
- Holiday Celebration

Los Alamitos Trunk Sewer Project
Construction Has Started...
 On Lexington Drive & Katella Avenue - this is the first phase of construction for this sewer project.

As the regional sewer provider for 2.6 million people in Orange County, OCSSAN is responsible for maintaining almost 400 miles of sewer pipes. This project is extending the life of the regional sewer in this area to be able to continue providing reliable service to the community for the next 30-40 years.
