BILL	AUTHOR	SUMMARY	LATEST ACTION	OC SAN POSITION	LEGISLATIVE PLAN	OTHER POSITIONS
Proposed Legislation 2023						
High Priority						
AB 234	Bauer-Kahan [D]	The Microbeads Nuisance Prevention Law prohibits a person from selling or offering for promotional purposes in the state any personal care products containing plastic microbeads that are used to exfoliate or cleanse in a rinse-off product, including, but not limited to, toothpaste. This bill would express the intent of the Legislature to enact subsequent legislation that would prohibit the sale in this state of rinse-off cosmetics, detergents, waxes, and polishes that contain intentionally added synthetic polymer microparticles, including products identified in the synthetic polymer microparticle Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) restrictions adopted by the European Union (EU).	Two Year Bill	Support	State Priorities: Support legislation or regulations that restrict the use of microplastics and chemicals of emerging concern in any product that is disposed of through the sewer system.	ACC-OC - NYC LOCC - NYC CASA - Support in Concept CSDA - Watch ACWA - NYC
AB 246	Papan [D]	Could, beginning January 1, 2025, prohibit any person from manufacturing, distributing, selling, or offering for sale in the state any menstrual products that contain regulated PFAS, and requires a manufacturer to use the least toxic alternative when removing regulated PFAS in menstrual products to comply with these provisions. The bill would require a manufacturer of a menstrual product to provide persons that offer the product for sale or distribution in the state with a certificate of compliance stating that the menstrual product is in compliance with these provisions and does not contain any regulated PFAS.	Currently in the Senate Appropriations Committee	Support	State Priorities: Monitor state legislation as well as State Water Resources Control Board (SWRCB) regulatory activity related to PFAS.	ACC-OC - NYC LOCC - NYC CASA - Support CSDA - Watch ACWA - NYC
AB 281	Grayson [D]	Would require a special district that receives an application from a housing development project for service from a special district or an application from a housing development project for a post entitlement phase permit, as specified, to provide written notice to the applicant of next steps in the review process, including, but not limited to, any additional information that may be required to begin to review the application for service or approval. The bill would require the special district to provide this notice within 30 business days of receipt of the application for a housing development with 25 units or fewer, and within 60 business days for a housing development with 26 units or more. The bill would define various terms for these purposes. By imposing additional duties on special districts, the bill would impose a state-mandated local program.	Currently in the Senate Appropriations Committee	Watch	Legislative and Regulatory Policies: Special Districts - Oppose further state regulations that adversely impact special district financing, operations, and administration.	ACC-OC - NYC LOCC - NYC CASA - NYC CSDA - Neutral ACWA - Watch
AB 334	Rubio [D]	Seeks to clarify the State's conflict of interest law, California Government Code 1090. This bill would establish that an independent contractor, who meets specified requirements, is not an officer for purposes of being subject to the prohibition on being financially interested in a contract.	Currently in the Senate Appropriations Committee	Support	Legislative and Regulatory Policies: Special Districts - Oppose further state regulations that adversely impact special district financing, operations, and administration. BILL	AUTHOR	SUMMARY	LATEST ACTION	OC SAN POSITION	LEGISLATIVE PLAN	OTHER POSITIONS
AB 340	Fong [R]	The California Environmental Quality Act (CEQA) prohibits an action or proceeding from being brought in a court to challenge the approval of a project by a public agency unless the alleged grounds for noncompliance are presented to the public agency orally or in writing by a person during the public comment period provided by CEQA or before the close of the public hearing on the project before the issuance of the notice of determination. This bill would require the alleged grounds for noncompliance with CEQA presented to the public agency in writing be presented at least 10 days before the public hearing on the project before the issuance of the notice of determination. The bill would prohibit the inclusion of written comments presented to the public agency after that time period in the record of proceedings and would prohibit those documents from serving as basis on which an action or proceeding may be brought.	Two Year Bill	Watch	Legislative and Regulatory Policies: Environment/Climate Resiliency - Support efforts to reform the California Environmental Quality Act (CEQA) to streamline current procedures and regulations for projects to refurbish or replace existing infrastructure facilities.	ACC-OC - NYC LOCC - NYC CASA - NYC CSDA - Watch ACWA - NYC
AB 516	Ramos [D]	The Mitigation Fee Act imposes certain requirements on a local agency that imposes a fee as a condition of approval of a development project that is imposed to provide for an improvement to be constructed to serve the development project, or a fee for public improvements, as specified. In this regard, the Mitigation Fee Act requires the local agency to deposit the fee in a separate capital facilities account or fund, and to make certain information about the account or fund public annually, as specified. The Mitigation Fee Act requires that information to include an identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement, as specified. The Mitigation Fee Act also requires that information to include the amount of refunds made to the owners of the lots or units of the development project, as specified. This bill would require the report to include an identification of each public improvement identified in a previous report, whether construction began on the approximate date noted in the previous report, the reason for the delay, if any, and a revised approximate date that the local agency will commence construction, if applicable.	Currently on the Senate Floor	Watch	Legislative and Regulatory Policies: Special Districts - Oppose further state regulations that adversely impact special district financing, operations, and administration.	ACC-OC - NYC LOCC - NYC CASA - Work with Author CSDA - Watch ACWA - NYC
AB 557	Hart [D]	Current law, until January 1, 2024, authorizes a local agency to use teleconferencing without complying with specified teleconferencing requirements in specified circumstances when a declared state of emergency is in effect, or in other situations related to public health, as specified. Current law prohibits a legislative body that holds a teleconferenced meeting under these abbreviated teleconferencing procedures from requiring public comments to be submitted in advance of the meeting and would specify that the legislative body must provide an opportunity for the public to address the legislative body and offer comment in real time. This bill would extend the above-described abbreviated teleconferencing provisions when a declared state of emergency is in effect, or in other situations related to public health, as specified, indefinitely.	Currently on the Senate Floor	Watch	Legislative and Regulatory Policies: Special Districts - Oppose further state regulations that adversely impact special district financing, operations, and administration. BILL	AUTHOR	SUMMARY	LATEST ACTION	OC SAN POSITION	LEGISLATIVE PLAN	OTHER POSITIONS
AB 727	Weber	Seeks to ensure that additional perfluoroalkyl and polyfluoroalkyl substances (PFAS) are kept out of our environment. AB 727 focuses on prohibiting manufacturing, selling, delivering, distributing, holding, or offering for sale in the state, a cleaning product that contains regulated PFAS.	Currently in the Senate Appropriations Committee	Support	State Priorities: Monitor state legislation as well as State Water Resources Control Board (SWRCB) regulatory activity related to PFAS.	ACC-OC - NYC LOCC - NYC CASA - Sponsor CSDA - Watch ACWA - NYC
AB 759	Grayson [D]	Current law authorizes a sanitary district to acquire, plan, construct, reconstruct, alter, enlarge, lay, renew, replace, maintain, and operate garbage dumpsites and garbage collection and disposal systems, sewers, drains, septic tanks, and sewerage collection, outfall, treatment works and other sanitary disposal systems, and storm water drains and storm water collection, outfall and disposal systems, and water recycling and distribution systems, as the deemed necessary and proper by the governing board of the district. Current law generally authorizes the district to expend money only upon written order of the board. This bill would instead authorize funds to be expended in a manner prescribed by the board.	Signed into law	Watch	Legislative and Regulatory Policies: Special Districts - Oppose further state regulations that adversely impact special district financing, operations, and administration.	ACC-OC - NYC LOCC - NYC CASA - Sponsor CSDA - Support ACWA - Favor
AB 1152	Patterson [R]	Would exempt from the California Environmental Quality Act (CEQA) a project to construct or expand a recycled water pipeline for the purpose of mitigating drought conditions for which a state of emergency was proclaimed by the Governor if the project meets specified criteria. Because a lead agency would be required to determine if a project qualifies for this exemption, this bill would impose a state-mandated local program. The bill would also exempt from CEQA the development and approval of building standards by state agencies for recycled water systems.	Two Year Bill	Watch	Legislative and Regulatory Policies: Environment/Climate Resiliency - Support efforts to reform the California Environmental Quality Act (CEQA) to streamline current procedures and regulations for projects to refurbish or replace existing infrastructure facilities.	ACC-OC - NYC LOCC - NYC CASA - NYC CSDA - Watch ACWA - NYC
AB 1196	Villapadua [D]	The Water Quality, Supply, and Infrastructure Improvement Act of 2014, a bond act approved by the voters as Proposition 1 at the November 4, 2014, statewide general election, authorizes the issuance of general obligation bonds to finance a water quality, supply, and infrastructure improvement program, as specified. Under the bond act, \$520,000,000 is available, upon appropriation by the Legislature, for expenditures, grants, and loans for projects that improve water quality or help provide clean, safe, and reliable drinking water to all Californians. Current law requires projects eligible for this funding to help improve water quality for a beneficial use. This bill would make a nonsubstantive change to the latter provision.	Two Year Bill	Watch	Guiding Priorities: Obtain financial assistance for OC San projects through grants, loans, and legislative directed funding. BILL	AUTHOR	SUMMARY	LATEST ACTION	OC SAN POSITION	LEGISLATIVE PLAN	OTHER POSITIONS
AB 1216	Muratsuchi [D]	Would require, on or before January 1, 2025, the owner or operator of a wastewater treatment facility that is located within 1,500 feet of a residential area and has an original design capacity of 425,000,000 gallons or more per day to develop, install, operate, and maintain a wastewater treatment-related fence-line monitoring system in accordance with guidance developed by the appropriate air quality management district. The bill would require the wastewater treatment-related fence-line monitoring system to include equipment capable of measuring pollutants of concern, including hydrogen sulfide, nitrogen oxides, and volatile organic compounds emitted to the atmosphere from wastewater treatment or reclamation processes that the appropriate district deems appropriate for monitoring. The bill would also require the owner or operator of a wastewater treatment facility to collect real-time data from the wastewater treatment-related fence-line monitoring system, to maintain records of that data, and to transmit the data to the appropriate air quality management district in accordance with the district's guidance. In addition, the bill would require, to the extent feasible, the data generated by these systems to be provided to the public as quickly as possible in a publicly accessible format.	Currently in the Senate Appropriations Committee	Oppose	Legislative and Regulatory Policies: Air Quality - Oppose redundant and unreasonable requirements, such as potentially double reporting requirements, with respect to emissions reporting associated with AB 617. BILL	AUTHOR	SUMMARY	LATEST ACTION	OC SAN POSITION	LEGISLATIVE PLAN	OTHER POSITIONS
AB 1594	E. Garcia [D]	This bill would require any state regulation that seeks to require, or otherwise compel, the procurement of medium- and heavy-duty zero-emission vehicles by a public agency utility to ensure that those vehicles can support a public agency utility's ability to maintain reliable water and electric services, respond to disasters in an emergency capacity, and provide mutual aid assistance statewide and nationwide, among other requirements. The bill would define a public agency utility to include a local publicly owned electric utility, a community water system, and a wastewater treatment provider, as specified.	Currently in the Senate Appropriations Committee	Support	Legislative and Regulatory Policies: Air Quality - Oppose redundant and unreasonable requirements, such as potentially double reporting requirements, with respect to emissions reporting associated with AB 617.	ACC-OC - NYC LOCC - NYC CASA - Support CSDA - Watch ACWA - Favor
AB 1660	Ta [R]	Existing law requires the State Air Resources Board to adopt regulations to achieve the maximum feasible reduction in volatile organic compounds emitted by consumer products, as defined, if the state board determines adequate data exist to establish the regulations are necessary to attain state and federal ambient air quality standards and the regulations are commercially and technologically feasible and necessary. This bill would authorize the state board to exempt an intentionally added PFAS from that prohibition if the state board determines that the intentionally added PFAS has characteristics that are beneficial for the environmental goals of the State of California and is not identified as persistent, bioaccumulative, and toxic to the environment. This bill contains other existing laws.	Two Year Bill	Watch	State Priorities: Monitor state legislation as well as State Water Resources Control Board (SWRCB) regulatory activity related to PFAS. BILL	AUTHOR	SUMMARY	LATEST ACTION	OC SAN POSITION	LEGISLATIVE PLAN	OTHER POSITIONS
SB 659	Ashby [D]	Would establish the California Water Supply Solutions Act of 2023 to, among other things, achieve an increase of 10,000,000 acre-feet of annual groundwater recharge by December 31, 2035, in order to increase the state's groundwater supply. The bill would require, on or before January 1, 2025, the department, in consultation with the water boards, as defined, to prepare and approve a groundwater recharge action plan to be included in the next update to the California Water Plan. The bill would require the groundwater recharge action plan to identify and make recommendations on immediate opportunities and potential long-term solutions to increase the state's groundwater supply, as specified. The bill would require specified actions with regards to the groundwater recharge action plan, including, among other things, requiring the department and water boards to update the groundwater recharge action plan at the same time that they prepare updates to the California Water Plan. The bill would require, by December 31, 2035, the department and water boards to implement the recommendations identified in the groundwater recharge action plan that result in new infrastructure and institutional mechanisms in place that provide for the ability to create an additional average annual groundwater recharge amount of 10,000,000 acre-feet.
