1.0 POLICY STATEMENT

- 1.1 The Board of Directors shall not less than annually adopt a Resolution updating the Records Management Procedure Manual as presented by the Custodian of Records (Clerk of the Board). The Orange County Sanitation District (OC San) is committed to effective records management including, but not limited to:
 - A. Meeting legal requirements for records retention;
 - B. Identifying and protecting all records;
 - C. Managing record holds;
 - D. Protecting privacy;
 - E. Optimizing the use of space;
 - F. Minimizing the cost of records retention;
 - G. Providing open access to public records; and
 - H. Disposing of outdated records properly.

2.0 PURPOSE

- 2.1 The purpose of the Records Management Program Policy is to establish a Records Management Program (the Program) that will develop a systematic method for managing OC San's records. The Program ensures that all OC San records are created, received, maintained, and dispositioned in a cost-effective manner, and in accordance with operating requirements for OC San business and applicable statutes and regulations. Failure to follow the Program may result in excessive costs, litigation, loss of productivity, etc.

3.0 PROGRAM RESPONSIBILITY

- 3.1 Under the authority of OC San's Board of Directors, the General Manager and the Executive Management Team oversee the Program. The Clerk of the Board is responsible for the oversight, implementation, administration, and operation of the Program.
- 3.2 The Clerk of the Board, and/or designee, and General Counsel will meet as needed to review Records Retention Schedule (RRS) change requests and approve changes, which are then presented to the Board of Directors.

		Effective Date: 03/26/2026
		Supersedes: 02/25/2026
SUBJECT:	RECORDS MANAGEMENT PROGRAM POLICY	Approved by: OC San Board of Directors

3.3 Departments/Divisions that maintain OC San records are responsible for understanding appropriate records management procedures and practices. Each Department/Division Manager, or a designee, must:

- A. Ensure compliance with the approved RRS;
- B. Be familiar with the Program;
- C. Develop the Department's/Division's procedures and practices consistent with this Policy;
- D. Educate staff within the Department/Division about sound records management practices;
- E. Coordinate the disposition of records as provided in OC San's RRS; and
- F. Restrict access to confidential records and information appropriately.

4.0 APPLICABILITY

4.1 This Policy applies to all OC San and contract staff who create, receive, or maintain OC San records. OC San requires the maintenance of records in a consistent and logical manner so that OC San:

- A. Meets legal standards for public examination, protection, storage, and retrieval;
- B. Protects the privacy of customers, ratepayers, and staff;
- C. Optimizes the use of space;
- D. Minimizes the cost of record retention; and
- E. Disposes of outdated records in accordance with the applicable statutes indicated in OC San's RRS.

4.2 Record policies apply to all records, whether they are maintained in hard (paper) copy, electronically, or in some other fashion. Each Department/Division shall appoint a Records Coordinator(s) who serves as a liaison to Records Management to assist in the development, implementation, maintenance, and adherence to a records management plan appropriate for the particular records it maintains, in cooperation with the Clerk of the Board and/or designee.

- 4.3 The Department/Division Records Coordinator facilitates Program compliance within their respective Department/Division in applying the Program Policy.
- 4.4 OC San is subject to a range of statutes and rules regarding records retention and disclosure. All OC San employees are responsible for complying with the requirements of the Program Policy and OC San's RRS.

5.0 HISTORY OF THE PROGRAM

- 5.1 OC San, through an outside consultant, conducted the initial records inventory from February through August of 2000. The inventory consisted of a physical inventory of records stored in active office work areas and various storage areas within the Plant No. 1 and Plant No. 2 facilities. The purpose of the inventory was to describe, identify, locate, and quantify OC San records. To supplement the data gathered during the physical inventory, the consultant conducted interviews with staff members from each Department/Division who were most familiar with records creation and maintenance.
- 5.2 Based on the physical inventory of records and the data gathered during the interviews, the initial RRS was developed. Files were identified by their record titles and classified into records series based on having similar business functions (purposes) and retention requirements.
- 5.3 Extensive legal research was performed to ensure that all legal requirements were met in assigning the records retention periods to each record series. Other attributes were also assigned to each record series to ensure that vital, historical, and confidential records are properly protected and processed for retention.

1.0 INTRODUCTION

- 1.1 The Orange County Sanitation District's (OC San) Records Management Program (the Program) is intended to effectively identify, manage, store, and destroy records that have been created and received by OC San.
- 1.2 Records received and created by OC San in fulfillment of its responsibility to the public and in compliance with government regulations are identified in the Records Retention Schedule (RRS), and accurate retention periods are assigned.
- 1.3 OC San records that are no longer needed to be in the immediate office of each Department/Division for convenient access are processed for storage, retrieval, or disposition in accordance with the guidelines established by the Program.
- 1.4 Records that have met the retention requirements identified in the RRS are processed for destruction in accordance with the Program.
- 1.5 Historical and vital records are identified and processed in accordance with the guidelines established by the Program.
- 1.6 Records management activities are completed in a cost-effective manner.
- 1.7 The Program promotes an increase in productivity by decreasing the volume of obsolete records stored, thus reducing the amount of time necessary for document retrieval.
- 1.8 The Program contributes to industry best practices by ensuring accountability, efficiency, and compliance in a cost-effective manner.

2.0 PURPOSE

- 2.1 Identify OC San records to facilitate access to information required to conduct OC San business and to provide appropriate access by the public.
- 2.2 Maintain OC San records for the duration of the approved retention period.

	Orange County Sanitation District	Procedure Number: 2.0
	RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT: PROGRAM GUIDELINES		Approved by: OC San Board of Directors

- 2.3 Provide access to OC San records for operational, legal, or public access requirements.
- 2.4 Digitize records.
- 2.5 Protect OC San records.
- 2.6 Ensure compliance with legal statutes and governmental regulations regarding recordkeeping and public access requirements.
- 2.7 Destroy OC San records in accordance with the approved RRS or process those deemed historical records for long-term retention.

3.0 SCOPE

- 3.1 Create, receive, maintain, and dispose of OC San records.
- 3.2 Maintain approved RRS.
- 3.3 Ensure use of appropriate technology in facilitating records and information storage and retrieval.
- 3.4 Provide systematic control of all OC San records through processing, distribution, maintenance, retrieval, and disposition.

4.0 RECORDS

- 4.1 OC San records must be managed throughout their “life cycle”.
- 4.2 The life cycle of a record is the time period from the creation or receipt of a record to its final disposition.
- 4.3 Final disposition can be either destruction or perpetual retention.
- 4.4 Life cycle of a record is inclusive of five (5) stages:
 - Stage 1 – Creation or receipt of records
 - Stage 2 – Use or distribution
 - Stage 3 – Storage or maintenance

	Orange County Sanitation District	Procedure Number: 2.0
	RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT: PROGRAM GUIDELINES		Approved by: OC San Board of Directors

- Stage 4 – Retention or disposition
 - Stage 5 – Archival preservation
- 4.5 Some records do not require managing throughout their life cycle. Such records are termed “transitory records”. The value of transitory records is limited to a very short time, i.e., a day, a week, or no more than three months. These records do not require digitization.
- 4.6 Transitory records do not carry the requirement to retain the documentation of any transaction. Transitory records include:
- Extra copies of publications, pamphlets, and blank forms. These are considered “supplies” rather than records.
 - Reference materials not produced by OC San.
 - Working copies of documents used solely until the finished record is declared or declined.
 - Notices of meetings, events, office or holiday gatherings, or employee meetings which do not relate directly to the functional responsibility of the organization.
 - Informational copies of widely distributed OC San materials.
 - Preliminary drafts of documents such as letters, memoranda, reports, and worksheets which do not represent significant steps in the preparation of OC San records, and **which do not record decisions**. Once the completed record is included in the filing system (in the appropriate medium), the working materials (drafts) are considered transitory records.
 - Catalogs, trade journals, and other published materials received from other organizations, commercial firms, vendors, or private institutions which require no action and are not needed for documentary purposes. These materials are usually considered “reference materials” and should be controlled as such, but **are not OC San records**.
 - Incorrect versions of documents, forms, or reports that had to be regenerated in order to correct errors in typing, data entry, spelling, grammar, or format.

5.0 RECORDS RETENTION SCHEDULE (RRS)

- 5.1 The RRS is a list of OC San records organized by record series to which are assigned retention periods and other attributes.

- 5.2 The retention periods identified in the RRS have been established after extensive legal research of all government regulations applicable to OC San.
- 5.3 The RRS has been reviewed and has received concurrence of the appropriate Department/Division staff, Clerk of the Board and/or designee, Executive Management, Legal Counsel, and the Administration Committee, as well as the approval of the OC San Board of Directors for implementation.
- 5.4 The RRS has been developed to ensure that each Department/Division maintains its records for the duration of the period legally required by applicable legal statutes and government regulations, and until all the operational business functions are met.

6.0 HISTORICAL RECORDS

- 6.1 Historical records are identified and preserved.
- 6.2 The Program ensures that records with permanent historical value are identified, documented, and preserved for the life of OC San.
- 6.3 The Clerk of the Board and/or designee, prior to processing records for destruction, shall identify records having historical significance.
- 6.4 Historical records are retrieved, prepared, and processed for preservation.

7.0 VITAL RECORDS

- 7.1 Vital records are those documents identified by each Department/Division as necessary to enable OC San to continue vital operations in the event of a disaster or major interruption to business.
- 7.2 Vital records enable OC San to reconstruct its legal obligations and rights.
- 7.3 Vital records enable OC San to reconstruct its financial position.
- 7.4 Vital records enable OC San to satisfy its obligations to its employees.

7.5 Vital records enable OC San to protect employee and public health and safety.

7.6 Vital records enable OC San to reconstruct its assets and ownership.

8.0 CONFIDENTIAL RECORDS

8.1 Records containing proprietary or sensitive information to which access must be restricted are considered confidential.

8.2 Confidential information must be protected and preserved to avoid unauthorized disclosure that could be harmful to a person, to OC San, or to an OC San business process.

8.3 Confidential records shall be managed, controlled, and disposed of separately from records containing non-confidential information.

8.4 Confidentiality of information shall be protected until it is destroyed or until OC San has changed the status of the confidentiality of information.

1.0 INTRODUCTION

- 1.1 The Records Management Program (the Program) is a decentralized administrative Program. As such, Program activities are carried out by the Orange County Sanitation District (OC San) Clerk of the Board (Custodian of Records) and/or designee and by OC San staff in each Department/Division. OC San's Clerk of the Board and/or designee is responsible for coordinating and overseeing the Program and Program procedures, and Department/Division staff are responsible for complying with the Program requirements for records in their respective areas. In the procedures that follow, the individual responsible for running the daily operations of the Program is identified as the Clerk of the Board and/or designee.

2.0 PURPOSE

The purpose of this procedure is to describe the roles and responsibilities of the Clerk of the Board and/or designee and OC San Department/Division staff.

3.0 STAFFING AND RESPONSIBILITIES

Responsibility	Action

1.0 INTRODUCTION

- 1.1 Records retention activities of the Records Management Program (the Program) control the maintenance and storage of Orange County Sanitation District (OC San) records. Following the retention procedures ensures compliance with pertinent statutory, regulatory, operating, and administrative recordkeeping requirements. In addition, it ensures that records needed to conduct OC San business are protected and accessible. The Records Retention Schedule (RRS) is the foundation of the Program and defines the period required to maintain OC San records. The RRS is included as Exhibit B to this Procedure.

- 1.2 Records Management Terms:

Term	Definition
Active	Records that are required for current day-to-day business and are subject to frequent use; generally located near the user (if hardcopy); can easily be accessible on a network server (if electronic); generally referred to more than once per month.
Administrative Value	A record that assists in the operation of the business, and ensures administrative consistency and continuity, serving a particular purpose for that office at that particular time. In appraisal, the usefulness of records for the conduct of current or future administrative business needs.
Appraisal	The process of determining the value and thus the disposition of records based on their current administrative, fiscal, and legal value; their evidential and informational value; their arrangement and condition; their intrinsic value; and their relationship to other records.
Archival Records (also called Historical Records)	Records identified as having archival value or potential archival value and designated as Historical on the OC San RRS.
Audit	An examination or inspection of all OC San records including those related to operations, policies and

	procedures, financial documentation, and historical documents.
Closed / Completed	A file or record on which action has been completed and to which an audit or further action is not likely to occur.
Copy (also called Duplicate)	A reproduction of the contents of an original document which is not the official file copy of the agency. Copies are usually identified by their function, i.e., action copy, reading file copy, tickler file copy, etc. In most instances, copies will have a shorter retention than the official file copy (see Official Copy) of a Record Type.
Current	Refers to records needed and used in the day-to-day conduct of the current business of an organization. Most often kept on-site. When specified, may no longer be current when superseded, rescinded, expired, or no longer useful and may be dispositioned according to the RRS.
Disposition	The predetermined action taken with regard to records including form of retention (hard copy or image), period of time retained (archive or destroy), where to store (on-site or off-site), and method of destruction (recycle, burn, or shred).
Duplicate	A document that is a copy of the original or official version of a record. A duplicate may be a paper version or an electronic version of the official record.
Evidential Value	In appraisal, the value of a record that documents the activities of an organization or agency.
File Integrity	Accuracy and completeness of the file or records.
Fiscal Value	Documents and accounts for receipt of or expenditure of public funds such as budget, ledgers of accounts receivable and payable, payrolls, and vouchers. Documents availability of funds for operational purposes. In appraisal, records required until a financial audit is completed or financial obligations are fulfilled.
Historical Value	In appraisal, the value attributed to a record which preserves documentation on significant historical events including the agency's operations, origin, policies,

	authorities, functions, and organizations, as well as significant administrative decisions.
Legal Value	In appraisal, value attributed to records which document business ownership, agreements, and transactions.
Life	The retention period assigned to a record that has continuing value to the organization throughout its existence.
Minimum Retention Period	The least amount of time a record must be kept determined by assessment of administrative, legal, fiscal, and historical values.
Office of Record	The Department/Division that created or is responsible for retaining the official copy until it is dispositioned.
Official Copy	The original or official copy of a record maintained by the Office of Record.
Record	Any documentary material, regardless of physical form or characteristic, made or received by an organization in pursuance of law or in connection with the transaction of business and used by that organization as evidence of activities or because of informational value.
Records Retrieval	Locating records and delivering them for use.
Retention Period	The period of time that records must be kept according to legal or organizational requirements.
Retention Schedule	A list describing the Record Type, the length of time records are retained (may include active and inactive storage detail), the Office of Record, and the final disposition.
Supersede	The replacement of an existing document with an updated version.
Termination	Designates the end of a specific term, e.g., appointed or elected official's terms; employment; training, course, or program; use or ownership.
Transitory Records	Documents retained for a short time having no long-term administrative, fiscal, legal, or archival value. These records are not necessary to document the completion of a business transaction. The value of transitory records

	Orange County Sanitation District RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Procedure Number: 4.0
		Effective Date: 03/25/2026

SUBJECT:	RECORDS RETENTION	Approved by: OC San Board of Directors

	is limited to a very short time, i.e., a day, a week, or no more than three months. These records do not require digitization.
Vital Records	Those records containing information necessary to continue the operation of government, affirm the powers and duties of government, and to protect the rights and interest of persons.

1.3 Retention Length Codes:

The RRS provides information to guide the organization in maintenance of business records. Some retention periods are assigned a number representing the length of time (stated in years) for which the records must be maintained and accessible (retrievable). Others are based on the occurrence of an event or a transaction, or a combination of both. The following table describes the meaning of each event as it pertains to records retention and disposition.

Event Code	Event	Definition
CL	Closed or Completed	Maintain records until the transaction or the terms of the activity, project, assignment, contract, etc. is closed or completed. Then destroy in accordance with procedures.
CU	Current Year (Calendar or Fiscal, As Appropriate)	Maintain records for the transaction, activity, project, assignment, contract, etc. for the current year. Then destroy in accordance with procedures. Current year may be defined as calendar year or fiscal year, whichever is most appropriate for the specific record(s).
EX	Expired	Maintain records until the term, period, permit, or license is expired. Then destroy in accordance with procedures.
LO LF	Life of Organization or Facility	Maintain records for the "life" of the organization, facility, project, physical plant or building, building system or sub-system, asset, piece of equipment, or component. These records are not eligible for destruction.
NN	When No Longer Needed	Maintain records until they are no longer needed for any business purposes. Then destroy in accordance with procedures.

	Orange County Sanitation District RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Procedure Number: 4.0
		Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	RECORDS RETENTION	Approved by: OC San Board of Directors

OB	Obsolete	Maintain records until they are representative of equipment, information, materials, data, etc. that is no longer in use and/or relevant. Then destroy in accordance with procedures.
S	Superseded	Maintain records until record is superseded or made obsolete by a newer version or edition. Then destroy in accordance with procedures.
T	Terminated	Maintain records until activity is concluded or employee is terminated, retires, or otherwise leaves the employ of the organization. Then destroy in accordance with procedures.

1.4 Special Storage Consideration Codes:

Some retention periods are assigned a "characteristic" to identify any special handling required for documents classified in that record series. The following table describes the meaning of each "characteristic" as it pertains to records retention and disposition.

Code	Characteristics	Definition
V	Vital	Vital Records are required to be available in the event of an emergency or major interruption to normal business operations to continue to provide safe treatment of wastewater during the event. Vital Records may protect OC San's rights and interests and ensure that it can continue to effectively protect the environment, the public, and meet its obligation to its employees. Identifying records as "vital records" ensures that they are handled in a manner that protects them and makes them readily accessible during the time period that the information is vital. This characteristic does not affect the length of the retention period.
H	Historical	Historical Records potentially have historical significance. Records may document the formation of OC San, annexations, consolidation, major projects, and strategic direction. Historical Records may have intrinsic value due to their age, author, or special nature. Identifying records as "historical records" ensures that they are handled in a manner that protects them and preserves them for long-

		term storage and research purposes. This characteristic may affect the length of the retention period as historical records are usually maintained for the life of OC San.
C	Confidential	Confidential Records contain confidential, sensitive, or proprietary information that would be harmful to an employee or would harm OC San's business if accessed by unauthorized individuals. Confidential Records may be confidential throughout their useful life, or only during a portion of their useful life. Identifying records as "confidential records" ensures that they are handled in a manner that protects them from unauthorized access. This characteristic does not affect the length of the retention period.

2.0 RECORDS CLASSIFICATION

- 2.1 Records are classified into Records Series to facilitate assignment of retention times, legal citations, and the overall maintenance of OC San records.
- 2.2 Classifications contain like records grouped together based on similar business function, usage, and retention time.
- 2.3 A Record Series is comprised of similar or related record titles that have a similar business function (purpose), are normally used and filed as a unit, and are retained for a similar time period.

3.0 RECORDS RETENTION SCHEDULE (RRS) MAINTENANCE

- 3.1 The RRS is a list of OC San records organized by Department/Division and Record Type/Record Series to which are assigned retention periods and other attributes.
- 3.2 Following the retention standards of the schedule ensures that OC San maintains appropriate records of OC San transactions and meets its legal obligations cost effectively by storing records as long as is operationally and legally required. The RRS shall be reviewed, evaluated, and updated

	Orange County Sanitation District RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Procedure Number: 4.0

periodically by the Clerk of the Board and/or designee, OC San Management, and General Counsel.

- 3.3 The retention periods assigned to each record series shall be maintained and updated, as needed, to meet changing business, legal, and regulatory requirements.

Responsibility	Action
Clerk of the Board and/or Designee	Coordinate the periodic update of the RRS and Records Series with Definitions. Provide training on RRS use and maintenance.
Department/Division Records Coordinator	- Periodically (but not less than annually) review the RRS associated with records in the Department/Division. - Match the RRS against records stored in the office, shop, field, and other storage locations. - Mark for deletion any records that are no longer maintained by the Department/Division. - Note any new records that are not represented. Include a description of the record, the business function, the operating record retention requirements, and special records characteristics (vital, historical, or confidential). Contact the Clerk of the Board and/or designee for direction as to how to proceed. A Records Retention Schedule Change Request Form (Exhibit A) may be requested to identify any updates or changes requested.

		Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	RECORDS RETENTION	Approved by: OC San Board of Directors

Clerk of the Board and/or Designee

- Review the RRS change request and determine in which Record Series the record titles logically belong.
- Create a new Record Series if the record title does not logically belong to an existing series. In cooperation with the requesting Department/Division, develop a definition for the Record Series.
- Assign to the new Record Series the applicable characteristics (if any): vital, historical, or confidential, as indicated by the Department/Division Records Coordinator.
- Determine legal retention requirements by reviewing pertinent legal citations.
- Provide direction to the Department/Division Records Coordinators for proper management of historical, vital, and confidential records.

4.0 RECORDS RETENTION SCHEDULE CHANGES

- 4.1 The Department/Division Records Coordinator may request a change to the RRS at any time.
- 4.2 Examples of changes that may initiate a change to the RRS include:
 - Change in the assigned Office of Record due to reorganization.
 - Change in the characteristics associated with the records: vital, historical, or confidential.
 - Change in the retention event associated with the records, for example: closed, complete, expired, or superseded.
 - Change in the legal and administrative requirements.

- New record types that are generated or used in performing business functions.
- Change in the definition of the Record Series that applies to Department/Division records.
- Contact the Clerk of the Board and/or designee for any changes to the RRS. An RRS Change Request Form may be requested. The Clerk of the Board and/or designee will secure all the required approvals to initiate the requested modification.
- The Clerk of the Board and/or designee will communicate with the Department/Division Records Coordinator as to the outcome of the request, update the RRS, and distribute the updated RRS to all applicable parties (persons and web sites).

5.0 RECORDS PURGE

- 5.1 Eliminate records from active files and facilitate their timely destruction after all legal and business requirements have been met.
- 5.2 Only records that are useful in current business activities are retained, enabling timely retrieval of frequently used records.
- 5.3 Records with research or historical value are preserved in a controlled environment.
- 5.4 Records stored offsite are reviewed semi-annually and a list of retention expired records prepared by the Clerk of the Board and/or designee for each Department/Division.

6.0 INACTIVE RECORDS TRANSFER AND STORAGE

- 6.1 Inactive records are those records that have not met their required retention periods but are no longer current or frequently referenced.
- 6.2 Inactive files management standards are established by OC San to ensure that OC San records remain accessible and protected throughout the duration of their required retention periods.

	Orange County Sanitation District RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Procedure Number: 4.0
		Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	RECORDS RETENTION	Approved by: OC San Board of Directors

- 6.3 Active files are periodically reviewed to identify those records that are inactive.
- 6.4 Inactive records that are identified during the review are purged from active file areas and processed for offsite storage.
- 6.5 Systematic control of inactive records consists of:
- Properly packing the records in records storage boxes obtained from the warehouse and properly labeling the boxes.
 - Preparing an index of the contents of the box using a Disposition Form.
 - Contacting the Clerk of the Board and/or designee for a barcode.
 - Follow the guidelines below when packing the records:
 - Each box shall only contain official inactive records. **Non-records and duplicate records should not be transferred to offsite storage.** They are destroyed in the active office area as appropriate.
 - **Do not pack different Records Series in the same box. Records Series packed together should have the same destruction date.**
 - Schedule the pick-up and transfer of the box(es) to offsite storage by contacting the Clerk of the Board and/or designee.

7.0 PURGING TRANSITORY RECORDS

	Orange County Sanitation District RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Procedure Number: 4.0
		Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	RECORDS RETENTION	Approved by: OC San Board of Directors

7.1 Transitory records can be purged from file storage equipment and destroyed as soon as their usefulness in the performance of business functions is met.

7.2 **Do not send transitory records to offsite storage.**

8.0 RETRIEVING BOXES FROM OFFSITE STORAGE

8.1 Inactive records may be retrieved from the offsite storage center at any time by contacting the Clerk of the Board and/or designee.

8.2 Records may be retrieved only by staff from the Department/Division designated as “owner” of the records.

	Orange County Sanitation District RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Procedure Number: 4.0
		Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	RECORDS RETENTION	Approved by: OC San Board of Directors

- 8.3 In the event that staff from a Department/Division other than the owner requires access to the records, the retrieval request shall be approved by the Clerk of the Board and/or designee and the Department/Division that owns the records.
- 8.4 Boxes retrieved from the offsite storage center shall be returned to the center with the same records and in the same order as when they were received. Records should not be removed, nor should additional records be added. Should records need to be added/removed, or the box content altered in any way, contact the Clerk of the Board and/or designee as to how best to proceed.

Procedure 4.0
Records Retention Schedule
Exhibit B

Orange County Sanitation District Records Retention Schedule

General Retention Schedule Information

- This Records Retention Schedule (RRS) pertains to any and all Official Records of OC San regardless of Media Type and is adopted in compliance with GC §60201 and additional specific citations as noted.
- Public Records Act requests, litigation, audits, claims, and investigations may suspend the stated retention periods and notification of such will be made. As stated in OC San's Records Retention Policy, authorization and proper destruction methods are required prior to destroying all Official Records, regardless of Media Type. When original records have reached their retention length, all copies and duplicates must be destroyed, along with the original, regardless of Media Type.
- Copies/duplicate records shall be determined as "duplicate" or "copy" in conjunction with Records Management. Upon determination by Record Management that a record is a duplicate or copy, OC San may destroy the duplicate record if the original or a permanent photographic record exists in OC San's files (GC §60200).
- Notes, preliminary drafts, and transitory records are not considered Official Records and may be destroyed without complying with OC San's RRS (SOS 2-1030). Such records may be destroyed when no longer needed for OC San business and do not require authorization for destruction.
- Official Records cannot be discarded in trash bins. They must be submitted to Records Management for secure destruction.

When original records have reached their retention length, all copies and duplicates must be destroyed, along with the original, regardless of Media Type.
- Copies/duplicate records shall be determined as "duplicate" or "copy" in conjunction with Records Management. Upon determination by Record Management that a record is a duplicate or copy, OC San may destroy the duplicate record if the original or a permanent photographic record exists in OC San's files (GC §60200).
- Notes, preliminary drafts, and transitory records are not considered Official Records and may be destroyed without complying with OC San's RRS (SOS 2-1030). Such records may be destroyed when no longer needed for OC San business and do not require authorization for destruction.
- Official Records cannot be discarded in trash bins. They must be submitted to Records Management for secure destruction.

Orange County Sanitation District Records Retention Schedule

General Retention Schedule Information

- This Records Retention Schedule (RRS) pertains to any and all Official Records of OC San regardless of Media Type and is adopted in compliance with GC §60201 and additional specific citations as noted.
- Public Records Act requests, litigation, audits, claims, and investigations may suspend the stated retention periods and notification of such will be made. As stated in OC San's Records Retention Policy, authorization and proper destruction methods are required prior to destroying all Official Records, regardless of Media Type. When original records have reached their retention length, all copies and duplicates must be destroyed, along with the original, regardless of Media Type.
- Copies/duplicate records shall be determined as "duplicate" or "copy" in conjunction with Records Management. Upon determination by Record Management that a record is a duplicate or copy, OC San may destroy the duplicate record if the original or a permanent photographic record exists in OC San's files (GC §60200).
- Notes, preliminary drafts, and transitory records are not considered Official Records and may be destroyed without complying with OC San's RRS (SOS 2-1030). Such records may be destroyed when no longer needed for OC San business and do not require authorization for destruction.
- Official Records cannot be discarded in trash bins. They must be submitted to Records Management for secure destruction.

Orange County Sanitation District Records Retention Schedule

General Retention Schedule Information

- This Records Retention Schedule (RRS) pertains to any and all Official Records of OC San regardless of Media Type and is adopted in compliance with GC §60201 and additional specific citations as noted.
- Public Records Act requests, litigation, audits, claims, and investigations may suspend the stated retention periods and notification of such will be made. As stated in OC San's Records Retention Policy, authorization and proper destruction methods are required prior to destroying all Official Records, regardless of Media Type. When original records have reached their retention length, all copies and duplicates must be destroyed, along with the original, regardless of Media Type.
- Copies/duplicate records shall be determined as "duplicate" or "copy" in conjunction with Records Management. Upon determination by Record Management that a record is a duplicate or copy, OC San may destroy the duplicate record if the original or a permanent photographic record exists in OC San's files (GC §60200).
- Notes, preliminary drafts, and transitory records are not considered Official Records and may be destroyed without complying with OC San's RRS (SOS 2-1030). Such records may be destroyed when no longer needed for OC San business and do not require authorization for destruction.
- Official Records cannot be discarded in trash bins. They must be submitted to Records Management for secure destruction.

	Orange County Sanitation District	Procedure Number: 5.0
	RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	RECORDS DISPOSITION	Approved by: OC San Board of Directors

1.0 INTRODUCTION

- 1.1 Records disposition is a specific set of actions taken with regard to inactive records as determined through records appraisal.
- 1.2 Records disposition includes determining whether OC San records are eligible for destruction (records have been determined to be retention expired) or for longer-term preservation (records have been determined to be Historical Records or Inactive Records).

2.0 PURPOSE

- 2.1 The purpose of this procedure is to describe the procedures for dispositioning OC San Retention Expired Records, Inactive Records, and Historical Records in an organized and efficient manner.
- 2.2 This procedure ensures that appropriate review and approval are completed prior to destruction or longer-term storage of OC San records.
- 2.3 This procedure ensures that records that have an expired retention, but that are subject to a Records Hold of any sort (legal, audit, or other), are maintained until resolution of the matter or conclusion of the reason necessitating the Records Hold.
- 2.4 This procedure applies to all OC San records regardless of whether or not the records contain sensitive information (confidential). Should a unique process for disposition be required for any record, please contact the Clerk of the Board and/or designee and a process will be established that is mutually acceptable for all business purposes.

3.0 PROCEDURES

- 3.1 Records are periodically reviewed in order to identify those records that have met the required retention periods established in the Records Retention Schedule (RRS).
- 3.2 The review activity usually groups records into the following frequently used disposition groups:

	Orange County Sanitation District	Procedure Number: 5.0
	RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT: RECORDS DISPOSITION		Approved by: OC San Board of Directors

- 3.2.1 Retention Expired Records: Records that have met the required retention are considered obsolete and are processed for destruction.
- 3.2.2 Inactive Records: Records that have not met their retention periods but are no longer required to be in the immediate office area are considered inactive and are processed for offsite storage.
- 3.2.3 Historical Records: Records that have met their business function retention requirements but have historical or intrinsic value are considered Historical Records and are digitized and processed for long-term storage.
- 3.2.4 Active Records: Records that are required for current day-to-day business and are subject to frequent use; generally located near the user (if hard copy); can easily be accessible on a networked server (if electronic); generally referred to more than once per month. May also be stored offsite.

4.0 PROCESSING OFFICIAL DISTRICT RECORDS FOR DESTRUCTION

- 4.1 Destruction of the official version of OC San records requires the approval of the following, as applicable:
- Submitter
 - Department/Division Records Coordinator
 - Department/Division Supervisor
 - Department/Division Manager
 - Department/Division Director
 - Clerk of the Board (or designee)
 - Legal Counsel
- 4.2 Procedures to process destruction of expired records are included in the following chart:

Responsibility	Action
Clerk of the Board and/or designee	Annually, at the start of the calendar year, issue a call to all Records Coordinators requesting a review and purge of their Active, Inactive, and Historical Records.

Responsibility	Action
Division Records Coordinators (may also be a Submitter separate from the Records Coordinator)	- Review existing records currently maintained in the office area or stored offsite. Review can be done annually at the start of the calendar year based on the call from the Clerk of the Board and/or designee (step above), or as business needs warrant. Review should be conducted using the appropriate RRS, using all components of any given Record Type (Record Type description, Retention Length, etc.). Calculate destruction dates using the Records Management Disposition Form (Exhibit A). Cross-reference records with any active Records Holds. The Clerk of the Board and/or designee should be contacted for any questions pertaining to Records Holds. - Purge the files in accordance with the process outlined below and in Procedure 4.0. Do not purge any documents subject to a Records Hold. - If there are records identified that have met the required retention periods, that are not subject to a Records Hold, complete a Records Management Disposition Form. The Clerk of the Board and/or designee will prepare the Request for Authorization to Destroy Records (Exhibit B) and route the documents for digital signatures/approval. - The Submitter and Records Coordinator are first and second, respectively, in the approval routing sequence.
Clerk of the Board and/or designee	- Review the submitted Disposition Form and validate all information on the Disposition Form, including confirming the records are eligible for destruction (checking historical value, Records Holds, etc.). - If the records identified are not eligible for destruction, advise the Records Coordinator and Submitter and handle according to the type of record. - Prepare the Request for Authorization to Destroy Records, ensuring the appropriate RRS is included in the information that

Division Records Coordinator & Clerk of the Board and/or designee	- Upon approval of the destruction request, the Records Coordinator and Clerk of the Board and/or designee will proceed with destruction procedures. - If request for destruction is not approved for any reason, records will be maintained until resolution of the matter or conclusion of the reason necessitating the Records Hold.
Clerk of the Board and/or designee	- Coordinate destruction of records. If the records are digital, notify Information Technology (IT) of the necessary destruction or handle in other appropriate manner. Whoever destroys electronic files will be required to complete a Certificate of Digital Record Destruction (Exhibit C). The Clerk of the Board and/or designee will coordinate the completion of this document. If the records are confidential, arrange for destruction that will protect the confidentiality of the information. - After destruction, ensure that a Certificate of Destruction is properly completed and signed. - Maintain the Certificate of Destruction in the appropriate files. - Update the Master Records Inventory and GRM database as applicable.

5.0 PROCESSING DUPLICATE RECORDS FOR DESTRUCTION

5.1 Duplicate records are documents that are copies of the original or official version of a record. A duplicate may be a paper version or an electronic version of the official record. Retention periods of original or official versions of a record do not apply to duplicate files. Duplicate records may be destroyed at any time, upon confirmation that the record is a duplicate.

5.2 Duplicate records should **not** be transferred or stored offsite.

- 5.3 Duplicate records are destroyed in the office or work area. To destroy a duplicate record, please contact the Clerk of the Board and/or designee for determination and confirmation that records are, in fact, duplicate records.
- 5.4 Formal destruction authorization may be required to destroy duplicate records.
- 5.5 If the duplicate records contain confidential information, they should be shredded to protect the confidentiality of the information. If the records are not confidential, they may be recycled or discarded.

6.0 PROCESSING VIDEO SURVEILLANCE FILES FOR DESTRUCTION

- 6.1 As allowed for in Government Code Section 53160, recordings of routine video monitoring are automatically overwritten after one year, on a daily basis on any given calendar date plus one year. Further, in the event that recordings are evidence in any claim filed or any pending litigation or hold, the recordings are preserved until pending litigation is resolved.
- 6.2 The OC San Board of Directors Resolution adopting the Records Management Program Procedures & Records Retention Schedule authorizes OC San to destroy recordings of routine video monitoring after any given calendar date plus one year.
- 6.3 The IT Division has developed a daily task to perform the overwriting of OC San's video recordings. The IT Division is responsible for the management of this activity.
- 6.4 Should OC San keep another record, such as written minutes or an audio recording of the event that is recorded in the video medium, the video recording may be destroyed or erased no less than 90 days after occurrence of the event recorded.
- 6.5 By signing the written consent (Exhibit D), OC San's legal counsel approves of the foregoing destruction practices of video surveillance files and no further consent by legal counsel is required. Legal Counsel shall update this written consent should these practices be substantively modified at any time.

7.0 PROCESSING LASERFICHE FILES FOR DESTRUCTION

- 7.1 The destruction of files from Laserfiche follows a similar process to Section 4.0 above, Processing Official District Records for Destruction.
- 7.2 Destruction of the official version of OC San records from Laserfiche requires the approval of the following, as applicable:
- Submitter
 - Department/Division Records Coordinator
 - Department/Division Supervisor
 - Department/Division Manager
 - Department/Division Director
 - Clerk of the Board (or designee)
 - Legal Counsel
- 7.3 Procedures to process destruction of expired records in Laserfiche are included in the following chart:

Responsibility	Action
Division Records Coordinators (may also be a Submitter separate from the Records Coordinator)	• Either in response to the automated workflow notification email from Laserfiche or during independent review of existing records maintained in Laserfiche, records are identified for destruction. Automated workflow notification emails from Laserfiche are generated by the retention workflow that is developed in Laserfiche using the RRS. • Hard copy records that might correlate to the identified records for destruction will be processed for destruction concurrent with the process below. The process outlined in Section 4.0 above applies. • Review should be conducted using the appropriate RRS, using all components of any given Record Type (Record Type description, Retention Length, etc.). Calculate destruction dates using the Records Management Disposition Form. Cross-reference records with any active Records Holds.

Clerk of the Board and/or designee	• If request for destruction is not approved for any reason, records will be maintained until resolution of the matter or conclusion of the reason necessitating the Records Hold. • Coordinate destruction of records. As these records are digital and in Laserfiche, only specific users with delete permissions in Laserfiche can delete the records from the active repository. If the records are confidential, arrange for destruction that will protect the confidentiality of the information. The authorized user will delete the records from the active Laserfiche repository. • Records will remain in the authorized user's Laserfiche Recycle Bin for 90 days upon deletion from the active repository. The automatic purge of records in this location will occur after 90 days. • If the user restores a record from the recycle bin to the active repository that has been identified on the disposition form and authorized for destruction, the user is to notify Records Management as soon as possible. • Using the Laserfiche Global Recycle Bin, the Clerk of the Board and/or designee will review the user's Laserfiche Recycle Bin to ensure its contents match the records approved for destruction. • The authorized user who destroys electronic files in Laserfiche will be required to complete a Certificate of Digital Record Destruction. The Clerk of the Board and/or designee will coordinate the completion of this document. • The Clerk of the Board and/or designee will review the Global Recycle Bin at 91 days to ensure the records are no longer in the Global Recycle Bin.

		Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT: VITAL RECORDS		Approved by: OC San Board of Directors

1.0 INTRODUCTION

- 1.1 Vital records are those documents that contain information that enables the Orange County Sanitation District (OC San) to continue vital and critical operations in the event of a major interruption to business.
- 1.2 Such interruptions could be natural disasters (for example, earthquake, pandemic, sudden and severe energy shortage, or flood) or man-made disasters (for example, accidental fire, cyberterrorism, arson, or civil unrest) which result in the loss of the normal means of access to vital records.
- 1.3 In most organizations, vital records comprise between two and five percent of the total record volume. Vital records are identified with a “V” on the OC San Records Retention Schedule (RRS).

2.0 PURPOSE

- 2.1 The purpose of vital records management is to ensure that vital records are identified, protected, and accessible during or shortly following a disaster or major interruption to business.

3.0 SCOPE

- 3.1 Vital records are either irreplaceable or very difficult to replace.
- 3.2 Absence of vital records, or the inability to locate or translate vital records (in the case of machine-readable or digital records), means that OC San may not be able to provide critical services to the public and its employees during a disaster or shortly thereafter.
- 3.3 Vital records are maintained and protected in the format that is most appropriate for efficient retrieval (paper, digital, BOLDplanning, etc.).
- 3.4 Vital records include records that enable OC San to:
 - 3.4.1 Provide required OC San safety and health services during and immediately following a disaster or other major interruption to business.

	Orange County Sanitation District	Procedure Number: 6.0
	RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT: VITAL RECORDS		Approved by: OC San Board of Directors

3.4.2 Meet the obligations to OC San employees and retirees.

3.4.3 Reconstruct legal obligations and rights.

3.4.4 Establish the financial position of OC San.

3.4.5 Reconstruct OC San's assets and ownership.

4.0 PROCEDURES

Responsibility	Action
Clerk of the Board and/or designee	Develop procedures for protecting vital records, either digitization and/or storing them onsite in fire-resistive equipment or by sending copies offsite. Identify viable onsite or remote storage sites for records protection. Coordinate vital records protection procedures with OC San's Integrated Emergency Response Plan. Develop procedures for retrieving vital records within the identified time requirements following a disaster. Coordinate, identify, and develop agreements with vendors to provide records retrieval or recovery services required following a disaster. Work with the Information Technology Division (IT) and Risk Management (Risk) Managers to ensure that the management of vital records meets OC San's needs.
Risk & IT Managers	Review the vital records procedures to ensure that OC San's interests are protected and to ensure minimum exposure to risk in the event of a disaster.
Department/Division Records Coordinator	Identify vital records based on an evaluation of Department/Division business functions.

6.0 VITAL RECORDS FORMAT

6.1 Select the format for protecting and maintaining vital records that ensures accessibility and usability during a disaster or emergency response:

6.1.1 Source document (original or designated official version, regardless of format).

6.1.2 Distributed copy (copy of record that is routinely distributed).

6.1.3 Reproduced copy (hard copy of record that is copied for OC San needs).

6.1.4 Scan (scanned version of vital records).

6.1.5 Magnetic Tape (digital version of vital record).

6.2 Select Vital Records Protection Methods

6.2.1 Select the method most appropriate to protect the vital record.

6.2.2 Verify existing dispersal (locations) of record and ensure that vital records are available in multiple, geographically separate locations as part of normal business activities.

6.2.3 Improve dispersal by initiating distribution of copies of vital records to a secure location at the time of document creation.

6.2.4 Duplicate records by reproducing copies of vital records in a medium appropriate to efficient storage and use and send to a secure location.

6.2.5 Move electronic vital records to Electronic Content Management System (Laserfiche).

6.2.6 Move hard copy vital records from active use areas once digitized and when no longer needed for active reference and send to a secure location.

6.2.7 Store vital records onsite in a secure location, such as the vault, that meets National Fire Protection Association (NFPA) standards for fire resistance.

6.3 Select Vital Records Update Frequency

6.3.1 Determine how often it is necessary to update vital records to ensure that the information is current.

	RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT: HISTORICAL RECORDS		Approved by: OC San Board of Directors

1.0 INTRODUCTION

- 1.1 It is the policy of the Orange County Sanitation District (OC San) to identify and preserve records that have historical significance for OC San.

2.0 PURPOSE

- 2.1 The purpose of this procedure is to ensure that all OC San records are reviewed for historical value prior to destruction through the application of well-accepted appraisal criteria.
- 2.2 Historical Records are processed according to standard archival practices to ensure their preservation.

3.0 RESPONSIBILITY

- 3.1 The identification and review of Historical Records is administered under the authority of OC San's Records Management Program.
- 3.2 Both the Office of Record and OC San's Clerk of the Board and/or designee have a direct role in identifying Historical Records.

4.0 OBJECTIVES

- 4.1 The objectives are:
 - 4.1.1 Identify OC San records of historical value.
 - 4.1.2 Process OC San records of historical value in a manner that will ensure that they are properly preserved.
 - 4.1.3 To facilitate access to Historical Records by OC San and outside parties, OC San's Historical Records are identified as such on the Records Retention Schedule (RRS).
 - 4.1.4 Promote the use of OC San's historical records in areas such as agency planning, management, development, public relations, and litigation support.

	RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT: HISTORICAL RECORDS		Approved by: OC San Board of Directors

5.0 SCOPE

- 5.1 The scope includes the identification of records designated as historical on the RRS, the application of standard appraisal criteria at the end of the official retention period, and the processing and arrangement of historical records.

6.0 PROCEDURE

- 6.1 The procedure applies to all OC San and contract staff who create, receive, or maintain OC San records.
- 6.2 Select the method most appropriate to protect the historical record. Select Historical Records Protection Methods:

6.2.1 Processing and arrangement for paper records includes:

- 6.2.1.1 Removal of hardware (staples, brads, and other fasteners).
- 6.2.1.2 Placing documents in acid free folders and boxes that meet the standards for archival preservation.
- 6.2.1.3 Preparation of inventories and finding guides to the Historical Records.
- 6.2.1.4 Move hard copy historical records from active use areas once digitized and when no longer needed for active reference and send to a secure location appropriate for the retention of historical records (may involve temperature controlled environments, including humidity).
- 6.2.2 Move electronic historical records to Electronic Content Management System (Laserfiche).

1.0 INTRODUCTION

- 1.1 The Records Management Program Compliance Audit reviews and monitors compliance with the Orange County Sanitation District's (OC San) Records Management Program (the Program).
- 1.2 Periodically, the Clerk of the Board and/or designee conducts a compliance audit with several Departments/Divisions.
- 1.3 All Departments/Divisions should complete the audit process every two years.

2.0 PURPOSE

- 2.1 The purpose of the Program Compliance Audit is to ensure that all OC San records are created, received, maintained, and disposed of in accordance with the Board of Directors approved Records Management Policy and Procedure.

3.0 PROGRAM PROCEDURES

Responsibility	Action
Clerk of the Board and/or designee	Review how Department/Division records are kept, where they are located, in what format (hard copy or electronic), and security (who has access). Compare records eligible to be destroyed with those actually destroyed by the Department/Division. Note any record series destroyed prematurely or that have been retained beyond the approved destruction date. 	RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	RECORDS HOLD AND RELEASE	Approved by: OC San Board of Directors

1.0 INTRODUCTION

- 1.1 At any time during the life of a record, Record Series, or types of records, there may be circumstances that require the “holding” or suspension of destruction of certain Record Series or types of records due to reasons specified by Legal Counsel, auditors, or Department/Division management.
- 1.2 Destruction suspension is a hold placed on the scheduled destruction of records that may be relevant to foreseeable or pending litigation, governmental investigation, audit, special organizational requirements, or other business needs not contemplated when the records were originally scheduled for disposal.
 - 1.2.1 Examples of holds are:
 - A. Records & Information Management (RIM) Hold – Used when there is cause for Records Management to research records for inconsistent, missing, or incorrect information.
 - B. Legal/Regulatory Hold – Used for financial audits or tax purposes and anticipated or pending litigation.
 - C. Department/Division Hold – Request to hold records from a Department/Division with justification.
 - D. Historical Hold – Preservation of records with justification requested.
 - E. Retention Schedule Change Hold – Used when a change, addition, or deletion is required until the time the Records Retention Schedule (RRS) can be changed.
 - F. Public Records Request – Preservation of records may be needed in relation to Orange County Sanitation District’s (OC San) response to any particular Public Records Request.
- 1.3 Depending upon the circumstances, a Records Hold may require the retention of all documents of a certain kind, whether they are hard copy records, electronic records, or non-records, as defined in Procedure 4.0.

- 1.4 Once a Records Hold has been placed on particular records or Record Series, the records will not be disposed of until a Records Hold Release has been issued by a Records Hold Requester and all parties have been informed as detailed below.

2.0 PURPOSE

- 2.1 The purpose of this procedure is to describe the procedures for suspending destruction or placing a Hold on the destruction of records that may be relevant to foreseeable or pending litigation, governmental investigations, audits, or other special OC San requirements; and for releasing the Hold when it is no longer necessary.
- 2.2 This procedure requires that the Clerk of the Board and/or designee and Department/Division Records Coordinators be notified when holds on the destruction of certain records are necessary, in addition to other parties as detailed below.
- 2.3 This procedure ensures that records subject to holds for any purpose are maintained until resolution or conclusion of the matter.

3.0 SCOPE

- 3.1 This Procedure documents the process of suspending destruction or placing a Hold on the destruction of records, and the related release of the Hold.
- 3.2 This Procedure applies to **any record, non-record, or transitory record, in any format, at any time** during the life of the record or transitory record.

4.0 PROCEDURES FOR REQUESTING RECORDS DESTRUCTION HOLD

Responsibility	Action
Legal Counsel and/or Department/Division Management	Upon becoming aware of the need for the suspension of destruction of certain OC San records that may be relevant to <u>foreseeable</u> or <u>pending</u> litigation, governmental investigations, audits, other special OC San requirements, or other business reasons, notify the Clerk of the Board and/or designee. A form may be required for implementing the Hold (Records Hold & Records Hold Release Request Form, Exhibit A).

Responsibility

Action

Clerk of the Board
and/or designee

- Review all documentation submitted by Records Hold Requester (Legal Counsel or Department/Division Management). If necessary, contact Records Hold Requester to clarify scope of requested Hold.
- In collaboration with Legal Counsel, approve/authorize the Records Hold.
- Upload all information to GovQA Records Hold functionality to reflect the Hold and the Estimated Date of Release.
- Route Legal Hold to Legal Counsel, the EMT, Information Technology (IT), Manager, and Records Coordinators in all affected Departments/Divisions along with any specific instructions.

Department/Division
Records Coordinators

- Review and file all Records Hold information forwarded by Records Management.
- Prior to purging files or requesting destruction of records, cross-reference records identified to be purged or destroyed against Records Hold Requests on file. Identify documents subject to a Records Hold. **Do not purge or request destruction of any documents subject to a Records Hold.**

ECMS Administrator
(IT)

- The Electronic Content Management System (ECMS) (Laserfiche) Administrator (IT) will place a Legal Hold on relevant records in the ECMS.

5.0 PROCEDURES FOR REQUESTING RECORDS HOLD RELEASE

Responsibility	Action
Clerk of the Board and/or designee	- Periodically review Records Hold & Records Hold Release information in the GovQA portal and identify Estimated Dates of Release for previously placed Records Holds. - If the Estimated Date of Release on a Records Hold has passed, contact the Records Hold Requester to inquire whether release of the Hold is appropriate. If the Records Hold Requester indicates that release of the Hold is appropriate, the Form (Records Hold & Records Hold Release Request Form), as previously submitted for implementation of the Records Hold, will be routed to the Records Hold Requester and completion requested. In collaboration with Legal Counsel, approve/authorize the Records Hold Release. Upon completion and submission of the Form, upload Form to GovQA and update the entry as appropriate and notify the Record Coordinators in all affected Departments/Divisions and provide any specific instructions. Legal Counsel, the EMT, Manager (in <u>all</u> affected Departments/Divisions), and IT shall also be notified. - If the Records Hold Requester indicates that release of the Hold is not yet appropriate, obtain and note the new Estimated Date of Release. Update all affected parties as indicated in the Holds process of this Procedure above.
Department/Division Records Coordinators	- Review Records Hold Release information forwarded by the Clerk of the Board and/or designee. - Identify documents within scope of the Records Hold Release and remove any notation of prior Hold. Any transitory records or records falling within the scope of the Records Hold Release may be purged or destroyed, following the appropriate process.
ECMS Administrator (IT)	The ECMS Administrator (IT) will release the Hold in the ECMS.

		Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	PUBLIC RECORDS ACT - RELEASE OF RECORDS TO THE PUBLIC	Approved by: OC San Board of Directors

1.0 STATEMENT OF POLICY AND LAW

The California Public Records Act (Government Code §7920.000 et seq.) (the “CPRA”, “PRA”, or “Act”) declares that access to information concerning the conduct of the people’s business is a fundamental and necessary right of every person. In furtherance of that policy, the Act mandates, with specified exceptions, that public records are open to inspection at all times during the office hours of state and local agencies. The Act, however, recognizes a number of specific statutory exemptions to the general rule of public disclosure. The Act also authorizes local agencies to adopt procedures for making records available and for recovering the direct costs of duplicating those records.

The spirit of the Act, and the policy of the Orange County Sanitation District (OC San), is to permit access to all disclosable public records in the possession of OC San unless doing so would constitute an unwarranted invasion of personal privacy or the request calls for the production of records that are exempt from disclosure under the Act. Other records may be kept confidential on a case-by-case basis only after an OC San determination that the public interest served by non-disclosure clearly outweighs the public interest served by disclosure. An example of that type of record would be preliminary drafts of agreements prepared to facilitate discussion and/or negotiations if disclosure prior to final agreement would have an adverse effect on the negotiation process. However, such analysis will usually involve the assistance of General Counsel.

In addition, California courts have also recognized that certain records need not be disclosed if disclosure would reveal the public agency’s decision-making process in such a way as to discourage candid discussion within the agency, which would thereby undermine the agency’s ability to perform its functions.

2.0 PROCEDURE

2.1 The Clerk of the Board/Custodian of Records and/or designee (PRA Team) receive and process all Public Records Requests (Request) in accordance with Government Code §7920.000 et seq., California Public Records Act, and OC San Board approved Resolution. The PRA Team interprets each Request in accordance with Government Code §7922.600 and attempts to assist members of the public to identify the record that contains the information requested.

		Supersedes: 02/25/2026
SUBJECT:	PUBLIC RECORDS ACT - RELEASE OF RECORDS TO THE PUBLIC	Approved by: OC San Board of Directors

- 2.2 OC San uses the GovQA Public Records Request Management Software (GovQA) to receive, correspond, route, track, and respond to Requests.
- 2.3 To ensure consistency with the processing of Requests, if a Department/Division receives a request from the public or other party to provide public records, the Department/Division should direct the requester to the [OC San Public Records Portal](#) link on the ocsan.gov website so that the request may be routed and tracked in the GovQA portal for response. The PRA Team should be notified and will be able to assist.

3.0 PROCESS

- 3.1 Requests are received by OC San and placed in GovQA by either the requester or, in a few cases, the PRA Team; and OC San staff users/approvers enter the portal to respond or upload documents to fulfill the Request.
- 3.2 When a Request is initially received, the PRA Team immediately responds to the requester, via established, automated GovQA workflows, with an email receipt for the Request that provides a legal explanation of the Public Records Request process. The PRA Team determines if the Request is complete or requires clarification (e.g., too broad, apparent typographical errors, missing information, etc.). If necessary, the PRA Team contacts the requester for clarification.

Automated GovQA workflows for the assignment and distribution of Requests are in place for Contracts, Purchasing, Finance, Environmental Services, and Planning. These workflows prevent delays in turn-around time due to absenteeism.

- A. Contracts and Purchasing. If a request is made to either Division, the Request is routed to designated staff members, including the Supervisor and Manager.
- B. Finance Department. Routine requests for stale check data and Sewer Service Fees/Rebate information automatically route to designated staff members as determined by the Director of Finance.

		Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	PUBLIC RECORDS ACT - RELEASE OF RECORDS TO THE PUBLIC	Approved by: OC San Board of Directors

- C. Environmental Services. Requests for Environmental Services are routed to the Department Director, designated Managers, and other designated staff members in the Environmental Services Department.
- D. Planning/Engineering. Requests for Planning-related records are routed to designated staff members. Requests for Certified Payroll records are facilitated by the PRA Team with support from the project manager. The PRA Team contacts the Contractor directly.

If the PRA Team and the affected Department Head believe that employee rights or significant interests of OC San could be compromised by the requested disclosure, the PRA Team and the affected Department Head shall discuss the Request with General Counsel prior to making such disclosure.

- 3.3 Please see Section 4.0 below for specific information as to the processing and handling of Requests.

3.4 TIMELINESS.

Although OC San policy encourages a quicker response, the Act requires that the person requesting copies of OC San records be notified within ten (10) calendar days of OC San's determination as to whether the Request, in whole or in part, calls for the production of disclosable, non-privileged records that are in the possession of OC San. Occasionally, where assistance of General Counsel is appropriate, for example, the full ten (10) calendar days may be required in order to make the requisite determination. Under the Act, OC San may also be entitled to an additional fourteen (14) calendar days in which to make its initial determination under the following four (4) circumstances:

- 3.4.1 There is a need to search for and collect the requested documents from other offices, or offsite storage, separate from the office processing the request.

	Orange County Sanitation District	Procedure Number: 10.0
	RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	PUBLIC RECORDS ACT - RELEASE OF RECORDS TO THE PUBLIC	Approved by: OC San Board of Directors

3.4.2 There is a need to search for, collect, and examine a voluminous amount of separate and distinct records which are demanded in a single request.

3.4.3 There is a need to consult with another Agency or Department having a substantial interest in the determination of the request. This includes requests for Certified Payroll from an OC San Contractor or Sub-Contractor.

3.4.4 In the case of electronic records, there is a need to compile data, write programming language or a computer program, or to construct a computer report to extract data.

If the additional fourteen (14) calendar days are needed, either General Counsel or the PRA Team must notify the requester, in writing, of the reason(s) for the fourteen (14) day extension and the date on which the determination is expected.

If the final determination is to deny a Request to inspect or copy OC San records, General Counsel or the PRA Team shall notify the requester, in writing, of the reasons for the denial.

3.5 PARTIAL DISCLOSURE.

If portions of the requested record(s) are determined to be exempt from disclosure and those portions can be reasonably segregated from the rest of the record(s) by deletion, redaction, or other means, the non-exempt portion shall be provided to the requester.

3.6 COST OF COPIES.

Under the Act, OC San is entitled to be reimbursed by the requester for the direct costs of duplication. OC San has, however, made a policy determination to not charge the requester for the first ten (10) pages. If a Request calls for the production of records in excess of ten (10) pages, then the requester shall be required to pay twenty-five cents per page for each additional page, which shall be reimbursement of OC San's direct costs for duplication. The reimbursement rate shall not include recovery of costs for staff time spent searching for, retrieving, reviewing, evaluating, and/or

handling responsive records. At the sole discretion of OC San, OC San may require the requester to submit, in advance, a check based on the estimated direct duplication costs.

Electronic records, which can easily be transmitted to the requester via GovQA, are encouraged and will not be subject to the twenty-five cents per page copying charge.

At the sole discretion of OC San, and depending on the estimated number of responsive records, the requester or OC San may retain the professional reprographic services of a bonded copy service. The requester shall be required to pay for or reimburse OC San for the direct costs of duplication associated with the use of a bonded copying service. In the event OC San approves of the use of a bonded copying service, the requester may select and retain a bonded copying service; however, such selection shall be subject to OC San's approval.

3.7 COST OF VIDEOTAPES, AUDIOTAPES, COMPACT DISCS, OR THUMB DRIVES.

The charge to the requester for copies of videotapes, audiotapes, compact discs, DVD recordings, or thumb drives shall be at OC San's actual cost of reproduction and cost of device (videotape, audiotape, etc.).

3.8 MEDIA CONTACTS.

Employees should refer all media contacts and media inquiries to the Director of Communications and/or designee. All information requests requiring production of records shall be processed in accordance with the terms of this Procedure and, upon completion of the preparation of the copies, shall be delivered to the requesting media representative by the Director of Communications and/or designee. Department Heads shall report any and all media contacts to the Director of Communications and/or designee. as soon as possible. The Director of Communications and/or designee. shall coordinate any action required by such contact with the Clerk of the Board and/or designee and keep the appropriate Department Head, General Manager, and General Counsel informed.

3.9 FORMS.

GovQA generated forms and letters shall be used by OC San staff for purposes of complying with this administrative procedure.

3.10 ACCESS TO FILES.

No member of the public and no OC San employee, other than an employee of the Department/Division processing records, shall enter GovQA or any file cabinets, record storage areas, or containers that hold OC San records, except when authorized by the PRA Team or the affected Department Head.

When a requester is reviewing physical files, a member of OC San staff must be present during the entire file review. This may be the Clerk of the Board and/or designee, or staff member of the Department/Division that owns the records. The requester may not remove any records during the file review.

3.11 REMOVAL OF RECORDS.

The unauthorized removal of any record of OC San is a violation of California Government Code §6201, and is punishable by imprisonment, fine, or both.

3.12 LITIGATION DOCUMENTS.

The charge for all copies of any OC San document or record produced pursuant to a subpoena or request for production of documents issued by a Court or an authorized administrative or regulatory agency or tribunal shall be twenty-five (\$0.25) cents per page to reimburse OC San for its costs of research, retrieval, examination, handling, copying, and certification of the documents.

In the event, due to size or volume of the responsive records, special reproduction services are required, the person making the request shall pay the actual charges incurred for either OC San's in-house copy service or an outside copy service.

For large records requests, OC San shall require an advance deposit based on the estimated direct copying costs. Said deposit shall be paid by the requester prior to OC San commencing any work to obtain and copy the requested records.

Litigation document requests shall be handled by General Counsel and the Clerk of the Board and/or designee.

.0 PROCESSING AND HANDLING OF REQUESTS

- 4.1 This section is determined by, and is at the direction of, General Counsel.
- 4.2 The PRA Team receives and reviews all public records requests in GovQA and assigns each Request to the appropriate Department/Division. If the Request is incomplete or requires clarification (e.g., too broad, apparent typographical errors, missing information, etc.), the PRA Team will contact the requester for clarification. Clarification may be sought at any time, most specifically during the initial review/assignment or after assignment to the appropriate Department/Division. All clarification activity is done by the PRA Team unless otherwise directed.
- 4.3 Examples of routine requests include records for Environmental Site Assessments, stale check data requests, contract documents, and Purchase Order/procurement overview information.

Examples of non-routine requests include all email/correspondence for a certain staff member, which requires IT assistance for e-Discovery; requests from law offices; or any request that the Clerk of the Board and/or designee believes or determines is related to anticipated or current litigation. Non-routine requests may be handled in a different manner than outlined below; however, all Requests will be entered in GovQA for tracking purposes regardless of specific handling (which might be after the release of records).

- 4.4 When contract documents are requested, Contracts/Purchasing sends courtesy notifications to the impacted vendors/contractors advising of receipt of a records request; ideally sent within 24 hours of Request receipt. The PRA Team should be copied on all courtesy notifications (publicrecords@ocsan.gov) and Contracts/Purchasing uploads all courtesy

notifications and any responses received to GovQA. The PRA Team verifies that courtesy notifications are sent and that “reasonable” time is allowed for response to courtesy notifications. As defined by General Counsel, “reasonable” typically means no less than 72 hours.

The PRA Team should be made aware of any responses/concerns provided in response to courtesy notifications, specifically in the event a response/concerns is received and the PRA Team is not copied on the email.

- 4.5 When public and non-public versions of requested documents exist, both are to be uploaded to GovQA or provided to the PRA Team via email. Public and non-public versions of documents typically involve requests for contract documents. The PRA Team should be notified when the documents are uploaded to GovQA.
- 4.6 In the event that any records are being redacted or withheld from disclosure by OC San staff not part of the PRA Team, both the unredacted version of the record and/or the complete record being withheld is to be uploaded to GovQA or provided to the PRA Team via email. The PRA Team should be notified when the documents are uploaded to GovQA.
- 4.7 The PRA Team reviews all records uploaded to the portal, specifically reviewing requested redactions and analyzing for redactions that need to be made pursuant to the CPRA.
- 4.8 As might be necessary, the PRA Team connects with impacted vendors/contractors or OC San staff when requested redactions or records to be withheld are not supported by allowances in the CPRA.
- 4.9 When the PRA Team requires legal guidance, the PRA Team is to connect with General Counsel’s Advanced Records Center (ARC).
- 4.10 The PRA Team will communicate with any impacted vendors/contractors or OC San staff, as necessary, based on legal guidance/direction.
- 4.11 The PRA Team finalizes all Requests, releasing responsive records and sending response letters to the requester (via GovQA). Finalizing Requests includes review of all responsive records before release for accuracy,

confidentiality, or personal information. The PRA Team is responsible for the redaction or withholding of information prior to release of responsive records.

The only exception to this is when Planning responds to requests. Planning communicates, via GovQA, with the requester; however, the PRA Team reviews the responsive records and releases records to the requester. The PRA Team closes these Requests.

- 4.12 In collaboration with OC San staff and/or General Counsel, the PRA Team determines if extensions are needed for response to any given Request and when entering into a production arrangement is needed.
- 4.13 The PRA Team will coordinate OC San's response to any follow up questions from the requester.

5.0 COMPLETION

- 5.1 The Clerk of the Board will provide a weekly summary containing the number of Requests received and processed with assigned Department/Division detail to the Director of Communications and/or General Manager.

	Orange County Sanitation District RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Procedure Number: 11.0
		Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	ELECTRONIC COMMUNICATIONS POLICY	Approved by: OC San Board of Directors

1.0 INTRODUCTION

- 1.1 The Electronic Communications Policy of the Records Management Program (the Program) controls the maintenance and storage of Orange County Sanitation District (OC San) electronic mail records, text messages, instant messages, voicemail, and social media. Following the retention procedures ensures compliance with pertinent statutory, regulatory, operating, and administrative recordkeeping requirements. In addition, it ensures that records needed to conduct OC San business are protected and accessible. The Records Retention Schedule (RRS) is the foundation of the Program and defines the periods required to maintain OC San records, including all electronic communications.

2.0 PURPOSE

2.1 POLICY OBJECTIVES.

- 2.1.1 Provide clear and concise direction regarding use and retention of OC San's electronic communications systems, including electronic mail (email), text messaging, instant messages, and voicemail.
- 2.1.2 Comply with all applicable State and Federal laws and OC San Personnel Policy 5.10 related to the use of email and all other forms of electronic communication.
- 2.1.3 Address the California Supreme Court's 2017 decision in *City of San Jose v. Superior Court of Santa Clara County*, holding that a Public Agency employee's communications related to the conduct of public business are subject to the California Public Records Act, even if they were sent or received using a personal account or personal device.

3.0 SCOPE/BACKGROUND

- 3.1 This policy applies to all persons (including employees, appointed officials, interns, and contractors) who are permitted to use OC San's computing or network resources, particularly the email functions of the system ("**Authorized Users**"). "**Email**" means any electronic communication to or from any Authorized Users using the Email System, including all

information, data, and attachments to the electronic communication. **"Email System"** means the system of devices (including hardware, software, and other equipment) owned and controlled by OC San or the Authorized User for the purpose of facilitating the electronic transmission. **"Electronic Communications"** includes any and all electronic transmission, and every other means of recording upon any tangible thing in any form of communication or representation, including letters, words, pictures, sounds, symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored. Without limiting the nature of the foregoing, electronic communications include email, texts, instant messages, voicemails, and include communications on or within applications (apps) such as Facebook Messenger, Twitter, Microsoft Teams, etc. **"Electronic Communications Systems"** means the system (including hardware, software, and other equipment) owned and controlled by OC San or the Authorized User for the purpose of transmitting Electronic Communications.

4.0 POLICY

4.1 ROLES AND RESPONSIBILITIES.

- 4.1.1 The Board Services and Information Technology (IT) Divisions are responsible for administering this policy and procedure.
- 4.1.2 The OC San Clerk of the Board and/or designee, with the advice of General Counsel, will monitor compliance and make the final determination of official records of OC San.
- 4.1.3 All Authorized Users are responsible for compliance with this policy and procedure.

4.2 DEFINITION OF "OFFICIAL OC SAN RECORD".

Under this Policy, the definition of **"Official OC San Record"** is the same as the definition provided in the California Public Records Act (Cal. Gov. Code §7920.000 et seq.) (CPRA) for "public records" and "writing":

	Orange County Sanitation District RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Procedure Number: 11.0
		Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	ELECTRONIC COMMUNICATIONS POLICY	Approved by: OC San Board of Directors

"... 'Public records' include any writing containing information relating to the conduct of the public's business prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics..."

"... 'Writing' means any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored."

4.3 ELECTRONIC COMMUNICATION RELATED TO OC SAN BUSINESS IS AN OFFICIAL OC SAN RECORD.

4.3.1 Email and other forms of Electronic Communication, such as voicemail, texts, instant messaging, and social media posts, generate correspondence and other types of records that can be recognized as Official OC San Records and may be subject to disclosure under the CPRA. In addition, any Official OC San Record created through Email and other forms of Electronic Communication must be protected and retained in accordance with records retention laws.

4.3.2 Messages transmitted using OC San's Email System, Electronic Communications Systems, or OC San-owned equipment with capabilities for text messaging and/or voicemail, should be messages which involve OC San business activities and contain information essential to accomplishment of business-related tasks, or can otherwise be recognized as Official OC San Records. Any incidental (personal) email, text, instant message, or voice messages are not considered public records, but may still be discoverable. All Electronic Communications are the property of OC San.

4.4 OC SAN'S ELECTRONIC COMMUNICATION SYSTEMS ARE NOT FOR STORAGE.

OC San reserves the right to retrieve and make proper and lawful use of any and all Electronic Communications transmitted through OC San's

	Orange County Sanitation District RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Procedure Number: 11.0

Electronic Communications Systems and any OC San-owned and/or subsidized equipment. Although the use of Electronic Communications is considered official OC San business, OC San's Electronic Communications Systems, including email, text messaging, instant messaging, and voicemail, are intended as a medium of communication only. Therefore, the Email System, Electronic Communications Systems, and any OC San-owned and/or subsidized equipment such as Microsoft Teams and cell phones should not be used for the electronic storage or maintenance of documentation, including, but not limited to, Official OC San Records. Regarding Email and Teams Chat, the system administrator performs regular electronic back-up of OC San's Electronic Communications Systems; however, the back-up is not a copy of all OC San activity that occurred during any given period.

5.0 GUIDELINES FOR PROPER EMAIL USAGE

- 5.1 Authorized Users are responsible for managing their Email mailboxes, including organizing and deleting any non-OC San related messages that do not constitute Official OC San Records. Authorized Users are responsible for determining if Emails contain substantive information regarding OC San business or may later be important or useful for carrying out OC San business, and thus could be considered as Official OC San Records.

6.0 USE OF OC SAN ELECTRONIC COMMUNICATIONS VIA PERSONAL ACCOUNTS

- 6.1 OC San accounts shall be used to conduct OC San business. Authorized Users should not use personal accounts for the creation, transmission, or storage of Electronic Communications regarding OC San business.
- 6.2 All Authorized Users shall, within 90 days following the adoption of this updated policy, search all private, non-governmental electronic messaging accounts to which they have user access and locate any Electronic Communications that might constitute an Official OC San Record. All such communications shall be forwarded to the Authorized User's OC San-provided account. To the extent the Authorized User believes that any part of such communications contains personal matter not related to the conduct

of the public's business, the Authorized User shall provide a declaration, as set forth in Exhibit A.

- 6.3 If an Authorized User receives an electronic message regarding OC San business on his/her non-OC San electronic messaging account, or circumstances require such person to conduct OC San business on a non-OC San account, the Authorized User shall either: (a) copy ("**cc**") any communication from an Authorized User's personal electronic messaging account to his/her OC San electronic messaging account; or (b) forward the associated Electronic Communication to his/her OC San account no later than 10 days after the original creation or transmission of the Electronic Communication.
- 6.4 Authorized Users shall endeavor to ask persons sending Electronic Communications regarding OC San business to a personal account to instead utilize the Authorized User's business account and, likewise, shall endeavor to ask a person sending an Electronic Communication regarding non-OC San business to use the Authorized User's personal or non-OC San electronic messaging account.

7.0 ELECTRONIC COMMUNICATIONS AND PRIVACY

7.1 NO EXPECTATION OF PRIVACY.

7.1.1 OC San Personnel Policy 5.10 states that OC San Electronic Communication devices are the exclusive property of OC San. Authorized Users have no right or expectation of privacy or confidentiality in any message created, sent, received, deleted, or stored using the OC San Email System, Electronic Communications Systems, and/or any OC San-owned or subsidized communication devices. All messages and any attachments on OC San's computer network, Email System, Electronic Communications System, OC San-owned system or device, and/or OC San subsidized communication device are subject to OC San review and disclosure of Electronic Communications regarding OC San business.

7.1.2 Electronic Communications regarding OC San business that are created, sent, received, or stored on an electronic messaging account may be subject to the CPRA, even if created, sent, received,

	Orange County Sanitation District RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Procedure Number: 11.0

or stored on a personal account or personal device. Most communications that include Authorized Users are not confidential communications; however, certain communications such as investigations, personnel records, or attorney-client communications may be confidential or contain confidential information. Questions about whether communications are confidential, and how they are to be preserved, should be discussed with the Clerk of the Board and/or designee.

7.2 USE CAUTION WITH CONFIDENTIAL INFORMATION.

All Authorized Users must exercise a greater degree of caution in sending confidential information on OC San's Electronic Communications Systems than they take with other media because of the risk that such information may be copied and/or retransmitted. All Email containing confidential information should be tagged as such and stored in a clearly labeled confidential folder to protect and preserve the privacy and confidentiality of the record. When in doubt, do not use Email, text messaging, instant messaging, or voicemail as a means of confidential communication.

8.0 PUBLIC RECORDS REQUESTS, RETENTION, AND DESTRUCTION

Electronic Communications are a business tool which shall be used in accordance with generally accepted business practices and all Federal and State laws, including the CPRA, to provide an efficient and effective means of intra-agency and interagency communication. Under most circumstances, communications sent electronically are public records, subject to disclosure under the CPRA and subject to records retention laws applicable to a variety of government agencies.

8.1 PRESERVING ELECTRONIC MESSAGES – CPRA REQUESTS, SUBPOENAS, CLAIMS, AND POTENTIAL CLAIMS AGAINST OC SAN.

OC San receives requests for inspection or production of documents pursuant to the CPRA, as well as subpoenas or court orders for documents. In the event such a request or demand includes Electronic Communications, Authorized Users who have control over or access to any such Electronic Communications, once they become aware of the request or demand, shall use their best efforts, by reasonable means available, to temporarily preserve any such Electronic Communication until it is

	Orange County Sanitation District RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Procedure Number: 11.0

determined whether the Electronic Communication is subject to preservation, public inspection, or disclosure. Authorized Users shall contact the Clerk of the Board and/or designee regarding any such Electronic Communications that are within their control.

8.2 CALIFORNIA PUBLIC RECORDS ACT (CPRA).

8.2.1 In the event a CPRA request is received by OC San seeking Electronic Communications of Authorized Users, the Clerk of the Board and/or designee, shall promptly transmit the request to the applicable Authorized User whose Electronic Communications are sought. The Clerk of the Board and/or designee shall communicate the scope of the information requested to the applicable Authorized User, and an estimate of the time within which the Clerk of the Board and/or designee intends to provide any responsive Electronic Communications to the requesting party.

8.2.2 It shall be the duty of each Authorized User receiving such a request from the Clerk of the Board and/or designee to promptly conduct a good faith and diligent search of all Business and Personal Electronic Communications Systems and devices for responsive Electronic Communications. The Authorized User shall then promptly transmit any responsive Electronic Communications to the Clerk of the Board and/or designee. Such transmission shall be provided in sufficient time to enable the Clerk of the Board and/or designee to adequately review and provide the disclosable Electronic Communications to the requesting party. If the Authorized User is unable to transmit the responsive communications, the IT Division has the ability to extract the pertinent communications and ensure the appropriate metadata is preserved.

8.2.3 Based on the nature of the CPRA request, the Clerk of the Board and/or designee may also request an eDiscovery of all Email System and Electronic Communications Systems records and instant messages through the IT Division.

8.2.4 In the event an Authorized User does not possess responsive Electronic Communications from OC San's owned and/or subsidized Electronic Communications Systems account, the Authorized User

	Orange County Sanitation District RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Procedure Number: 11.0
		Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	ELECTRONIC COMMUNICATIONS POLICY	Approved by: OC San Board of Directors

shall so notify the Clerk of the Board and/or designee by way of a written declaration (Exhibit A).

8.3 AUTOMATIC DELETION OF EMAIL AND TEAMS CHAT.

OC San's Email System automatically deletes OC San Emails, including any text messages that become Emails, which are more than **24 months** old from "Inbox" and "Sent" email folders of each OC San email user. Email in "Deleted" folders will be automatically removed after **ninety (90)** days.

OC San's Teams Chat will be automatically removed after **ninety (90)** days.

8.4 EMAIL FOLDER AND TEAMS CHAT MANAGEMENT.

8.4.1 Authorized Users are responsible for the daily management of their Email boxes and associated folders. To ensure maximum efficiency in the operation of the Email System, Authorized Users are directed to delete Email that is NOT Official OC San Records from their inboxes on a weekly basis. These transitory email records, based on the content of the information which only have a retention value of a few days or weeks, can be deleted from the Email Inbox upon review and determination when the purpose of the information has been fulfilled - which can be any time up to 90 days. **All email records moved to Deleted will be automatically purged by IT after 90 days.** Examples of such messages are personal emails, solicitations, email advertisements/announcements, or newsletters.

8.4.2 If Email and Teams Chat that are not Official OC San Records are necessary for transitory work, preliminary drafts, or preparation of work product or personal notes, Authorized Users should either move the record to a dedicated (working) folder, print the communication and maintain the paper copy, take a snapshot of the communication and save in a format most appropriate, or create a PDF version of the communication (save as PDF) and store the file in an electronic folder on OC San's network drive (OneDrive, SharePoint, or SharePoint Online) to be deleted when no longer needed.

		Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	ELECTRONIC COMMUNICATIONS POLICY	Approved by: OC San Board of Directors

8.4.3 Attachments to Electronic Communications should be retained or disposed of according to the content of the attachment itself, not according to the Electronic Communication transmitting the attachment. Many attachments are duplicates of existing documents or are draft versions of documents that might not be retained by OC San after the final version of the document is complete. If you need help in determining whether an attachment to an Electronic Communication must be retained, please contact the Clerk of the Board and/or designee.

8.5 DETERMINATION OF RECORD.

In accordance with OC San's RRS, it is the responsibility of Authorized Users to determine if an Electronic Communication is an Official OC San Record which must be retained in accordance with OC San's RRS. Electronic Communications (including any attachments) that are deemed to be Official OC San Records shall be preserved. Authorized Users shall consider the content of an Electronic Communication when determining if it is an Official OC San Record. The Clerk of the Board and/or designee can assist in making such a determination. In addition, following is a general guideline for determining whether an Electronic Communication is an Official OC San Record:

Electronic Communications that are generally considered as Public Records (Official OC San Record)	Electronic Communications that are generally NOT considered as Public Records / in general not an Official OC San Record
(Retention time is 2 years or more)	(Retention time is no more than 90 days)
Electronic Communication that is created or received in connection with official OC San business.	Personal messages and announcements not related to official OC San business.
Electronic Communication that shows how an OC San policy was created or how a decision was made by OC San staff and/or the OC San Board of Directors.	Duplicate documents (copies or excerpts) distributed for convenience or reference.

	Orange County Sanitation District RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Procedure Number: 11.0
		Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	ELECTRONIC COMMUNICATIONS POLICY	Approved by: OC San Board of Directors

Electronic Communication that begins, authorizes, or completes an item or a transaction of official OC San business.	Transmittal messages that merely assist the flow of work.
Electronic Communication that documents significant official decisions or commitments reached verbally (person-to-person, by phone, or in conference) and not otherwise documented in OC San files.	Electronic Communications containing preliminary drafts, notes, or interagency or intra-agency memos that are not retained in the ordinary course of business. Government Code §7927.500. Records that are normally retained do not qualify for this exemption.

8.6 ELECTRONIC COMMUNICATIONS UPON TERMINATION.

Upon an Authorized User's retirement or termination, IT will forward the user's Electronic Communications to the immediate Supervisor for review. In accordance with the policy herein, it is the Supervisor's duty to review and determine which email/text messages, voicemails, etc. should be preserved, retained, or disposed of according to the content of the communication and following OC San's approved RRS.

Once determined, the Supervisor should either transfer the records to a dedicated (working) folder, print the communication and maintain the paper copy, take a snapshot of the communication and save in a format most appropriate, or create a PDF version of the email (save as PDF) and store the file in an electronic folder on OC San's network drive (OneDrive, SharePoint, or SharePoint Online) to be retained or to be deleted when no longer needed. Once completed, IT will dispose of the content of the Electronic Communications System after 90 days unless otherwise requested by the Supervisor.

	RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	ESCROW OF BID DOCUMENTS	Approved by: OC San Board of Directors

This Procedure applies only to Invitation for Bids (IFBs) with an award amount of \$10,000,000 or more, to the two (2) lowest responsive, responsible bidders.

1.0 PRE-BID

- 1.1 If Escrow of Bid Documents (Escrow) is required (per Bid Requirements Form), the Contracts Administrator (CA) will notify the Clerk of the Board and/or designee (Records Management) of the need for Escrow and will establish a time and date for Bidder(s) to submit their Escrow Bid Documents as specified in the Special Provisions, "Escrow of Bid Documents".
 - a. This date and time of submission will be within the date and time set forth in the Contract's Special Provisions.
 - b. The date must also be coordinated with Records Management's schedule.
- 1.2 For all meetings related to the escrow of bid documents, CA reserves a room in the Headquarters Building and schedules the meeting via the Outlook Calendar.
- 1.3 Records Management schedules the date for offsite storage, as soon as practicable, to transfer the Escrow Bid Documents to offsite storage.
- 1.4 Board Services is the office of record for all original documents prepared and/or received in the steps below. A digital copy of the documents will be maintained in Laserfiche and will be available to the CA. If desired, a copy of any of the documents identified below may be provided to the Bidder and/or CA. All copies shall be marked "copy".

2.0 BID OPENING

- 2.1 At Bid Opening, OC San announces the two (2) lowest Bidders who will be required to submit their Escrow Bid Documents within the date and time set forth in the Special Provisions.

	Orange County Sanitation District	Procedure Number: 12.0

SUBJECT:	ESCROW OF BID DOCUMENTS	Approved by: OC San Board of Directors

2.2 At the Bid Opening, Bidders shall be reminded that:

2.2.1 Failure to timely submit the Escrow Bid Documents may result in a Bidder being deemed non-responsive.

2.2.2 If the Escrow of Bid Documents Meeting (intake of Escrow Bid Documents) is being done in the same meeting as the Bid Documents Review Meeting, Escrow Bid Documents should be delivered in an unsealed container. It is requested that Bidders use a regular document storage size box (10"x12"x15"). Tape and markers to seal the box and mark it as the Bidder deems appropriate will be provided so that the box may be sealed at the conclusion of the meeting.

2.2.3 If the Escrow of Bid Documents Meeting (intake of Escrow Bid Documents) is being done separate from the Bid Documents Review Meeting, Escrow Bid Documents must be delivered in a sealed container, marked with the project name and the words "Escrow Bid Documents". It is requested that Bidders should use a regular document storage size box (10"x12"x15").

2.2.4 It is suggested and desirable that the Escrow of Bid Documents Meeting be done in conjunction with the Bid Documents Review Meeting.

2.3 The Escrow Bid Documents shall be accompanied with a Bid Document Certification for Escrow document (sample image below), provided to the two (2) lowest Bidders by the CA, signed by an individual authorized by the Bidder to execute the Bid, stating that the material in the Escrow Bid Documents container constitutes the complete, only, and all documentary information used in preparation of the Bid and that he/she has personally examined the contents of the Escrow Bid Documents container and has found that the documents in the container are complete.

6.0 AFTER PROJECT COMPLETION

	Orange County Sanitation District	Procedure Number: 12.0
	RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	ESCROW OF BID DOCUMENTS	Approved by: OC San Board of Directors

- 6.1 Following the completion of the project, OC San will return the Escrowed Bid Documents to the successful Bidder (awarded contractor) at a meeting to be scheduled by the CA at the convenience of all parties. In preparation of the meeting, OC San Records Management will prepare the Release of Escrow Bid Documents Record of Receipt (sample image above). As appropriate, all parties will complete this Record of Receipt at the meeting, obtaining all of the required signatures. A copy of the completed Release of Escrow Bid Documents Record of Receipt will be provided to the Contractor and CA. The Original documents will be maintained by OC Records Management.

7.0 EXCEPTIONS

- 7.1 In the event of a bid protest or other problem with the apparent low bid, the CA will contact the third and perhaps fourth apparent low Bidders and complete the required steps of this Procedure above.
- 7.2 For Design-Build (DB) Projects, only the Proposal Documents of the successful proposer will be escrowed, after the award of the contract by the Board of Directors.

	Orange County Sanitation District RECORDS MANAGEMENT POLICY & PROCEDURE MANUAL	Procedure Number: 13.0
		Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	DIGITIZATION OF RECORDS	Approved by: OC San Board of Directors

1.0 POLICY OBJECTIVES AND BACKGROUND

- 1.1 The Orange County Sanitation District (OC San) has identified the following objectives for digitizing records:
 - 1.1.1 Provide online access to OC San records
 - 1.1.2 Make digitized material and metadata available
 - 1.1.3 Advance the preservation of records by reducing wear and tear on the originals
 - 1.1.4 Maintain a reduction in paper
- 1.2 To ensure that users have the ability to access digitized records, OC San has implemented an Electronic Content Management System (ECMS) (Laserfiche) which will be made available via SharePoint and on ocsan.gov, as well as a desktop application for designated staff members. Utilizing this management system ensures the authenticity, reliability, usability, and integrity of the digital copies.
- 1.3 The implementation of a paper reduced environment, including the incorporation of the ECMS and implementation of a fully digital process to reduce the use of paper is a continued goal in the General Manager's Work Plan.
- 1.4 OC San is pursuing a reduction in paper in the office environment. Digitization provides a means for preserving at-risk physical materials (including paper documents, maps, photos, etc.) as well as providing greater accessibility and security for those documents. To the extent practicable, OC San promotes electronic systems, electronic records, and paperless transactions to support OC San's transition to electronic government and enhanced transparency.
- 1.5 Digitization refers to the process that includes the following activities:
 - 1.5.1 Identifying, selecting, and documenting physical materials for digitization;
 - 1.5.2 Preparing physical materials for scanning (including locating, preserving, gathering, reviewing, and organizing for access; and screening for suitability to be digitized);

		Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	DIGITIZATION OF RECORDS	Approved by: OC San Board of Directors

- 1.5.3 Collecting basic descriptive and technical metadata sufficient to allow retrieval and management of the digital copies and to provide basic contextual information for the user;
- 1.5.4 Scanning the physical materials (also referred to as digital conversion), re-filing, or disposing;
- 1.5.5 Quality control (validation) of digital copies and metadata;
- 1.5.6 Providing access to reliable and authentic copies for business purposes to internal users as well as the public; and
- 1.5.7 Maintaining digital copies and metadata.

2.0 POLICY RESPONSIBILITY

- 2.1 The Clerk of the Board (Custodian of Records) and the Board Services and Information Technology (IT) Divisions have overall responsibility for this policy. The OC San Board of Directors adopts this policy, IT manages the ECMS, and the Custodian of Records implements and oversees this policy on behalf of the Board of Directors.

3.0 APPLICABILITY

- 3.1 This policy provides guidance and requirements for digitizing physical media.
- 3.2 This policy applies to all records of physical materials being considered for digitization. These records fall into three categories:
 - 3.2.1 Vital or Historical Records with permanent or life of organization retention;
 - 3.2.2 Inactive records that have not met their retention schedule (especially records that are voluminous or have a long retention schedule) and are not regularly accessed. These may be considered for digitization due to constraints of physical storage space or costs of maintaining the physical record collection; and

		Effective Date: 03/25/2026
		Supersedes: 02/25/2026
SUBJECT:	DIGITIZATION OF RECORDS	Approved by: OC San Board of Directors

3.2.3 Active records that are initially produced in paper or similar physical media as part of the business process, e.g., requiring a physical signature, and are regularly accessed for a continuing business purpose. Digitization may provide for access among multiple users across multiple locations.

4.0 TERMS AND DEFINITIONS

4.1 As used in this policy, the following terms and definitions apply:

4.1.1 Custodian of Records: The custodian of records for OC San is the Clerk of the Board.

4.1.2 Digitization: The act of scanning an analog document into digital form, as well as the series of activities that results in a digital copy being made available to end users via the intranet, internet, or other means for a sustained length of time.

4.1.3 Electronic Content Management System (ECMS): Computerized/digital means for collecting, organizing, and categorizing information to facilitate its preservation, retrieval, use, and disposition.

4.1.4 Electronic Signature: A method of signing an electronic document that identifies and authenticates a particular person as the source of the signature and indicates such person's intent to sign the document.

4.1.5 Office of Record: The Department/Division that, by definition of its mission or function, has primary responsibility for maintenance and retention of the record.

5.0 POLICY GOAL AND CONSIDERATIONS

5.1 The goal of this policy is to expand public and internal access to important vital, historical, and long-term documents through digitization. OC San does not require all records in physical media be digitized unless they are at risk of damage or destruction, which may result in the loss of the record. However, based upon business analysis by the Office of Record and

Custodian of Records, digitization may be an effective way to maintain and manage a record collection that exists only in physical media form.

- 5.2 Before undertaking a digitization project, the Office of Record should consider the following:
 - A. Volume of the record collection;
 - B. Cost to digitize (budgeted in each Department/Division);
 - C. Need/Demand for availability (sharing) of the documents;
 - D. Quality of the originals (including handwritten notes, degradation of original medium, etc.); and
 - E. Need to preserve the originals after digitization for historical or other purposes.
- 5.3 The legal validity of electronic signatures in the context of electronic transactions (i.e., actions between two or more persons relating to the conduct of business, consumer, commercial, or governmental affairs) must be well-recognized and approved by the Secretary of State of California.

6.0 POLICY EXCEPTIONS

- 6.1 Exceptions to this policy may be necessary based on legitimate business needs, legal, or compliance requirements. Any exceptions must be documented, reviewed, and approved by the Custodian of Records, Management, and General Counsel.
- 6.2 This policy guidance does not apply when the digitization is merely to provide a reference or convenience copy in limited circumstances, i.e., a single document rather than conversion of an entire collection for purposes of lifecycle management.

7.0 RESPONSIBILITIES

- 7.1 Board Services Division: Coordinates the overall Program. Provides guidance and assistance to all OC San Departments/Divisions with lifecycle management and coordinates required records reviews, evaluations, and reports.
- 7.2 Reprographic Center: Provides digitization/scanning services to the Office of Record for their paper document record collections. For larger projects, the need for additional services may be required.
- 7.3 Managers/Supervisors: Effectively manage information assets within their area of responsibility in a consistent manner to ensure the integrity, security, and availability of information assets. Managers/Supervisors are also responsible, through their organization, for documenting a digitization plan that ensures their digitization projects meet the requirements of this policy.

8.0 STANDARDS AND PROCEDURES

- 8.1 The Office of Record, under the direction of the Custodian of Records, must develop a digitization plan to meet the following requirements:
 - 8.1.1 Authorization. Digital Records may be maintained as the only copy of a record if approved by General Counsel and the Board of Directors, as may be required, following the laws of California. They are viewed as being functionally equivalent to the original paper version if the intent to preserve the document only in digital form is documented and authorized by the Custodian of Records and General Counsel. Once approved, this authorization and notation must be included in the Records Retention Schedule.
 - 8.1.2 Document Preparation. This includes a review of the documents to be digitized to ensure that digitization will not compromise the readability of the content. This is particularly important for documents that include “marginalia” (handwritten notes or additions to the content of the document). Moreover, an inventory of the records must be prepared, especially in instances where the actual digitization is performed by someone else. Finally, in some instances, a clean copy may be necessary if the original paper has

SUBJECT:	DIGITIZATION OF RECORDS	Approved by: OC San Board of Directors

been degraded to the point that, in its original form, a valid digital copy would not be possible.

8.1.3 Digitization. As part of the actual digitization process, a single scanned image type (see list below) must be chosen for the records. Consideration must be given to the ability of a particular scanned image type to be searched. In addition, a consistent set of metadata should be incorporated into the scanned image to assist in organizing and managing the digital collection. “Scanned image” types include:

- a) gif – graphics interchange format;
- b) tiff – tagged image file format;
- c) biif – basic image interchange format;
- d) png – portable network graphics; or
- e) pdf – portable document format.

8.1.4 Validation. Throughout the digitization process, the scanned images must be validated to ensure that a clean, readable image has been produced, that the content of the document set is the same as the original (number of pages), and that the metadata attached is accurate. The Office of Record may choose to do an initial series of documents as a test case. If so, choose a sample that will cover the range of quality and other attributes of the originals, e.g., differing font sizes or layouts. It is recommended that every scanned image be validated; however, if the original documents are of highly consistent quality, format, and content, sampling validation may be appropriate.

8.1.5 Disposition of Originals. Once the records have been digitized and validated, the paper original may be destroyed as long as the destruction is documented as part of the digitization plan, in accordance with the Records Retention Schedule, and has been authorized by the Office of Record, Supervisor, Manager, Executive Director, General Counsel, and the Custodian of Records. Special consideration must be given to physical records with content of historical value. OC San’s Custodian of Records can provide assistance and guidance to Departments/Divisions in determining the historical value of original physical media records.

8.1.6 Digital Storage. The ECMS (Laserfiche), designated for

maintenance and management of OC San's digital records, meets integrity, security, and availability requirements. Using Laserfiche for digital records is preferred because this system prevents manipulation and unauthorized deletion of the scanned images and provides enhanced security and permission restrictions to aid management of the digital collection. In addition, OC San uses Restorvault which allows the Laserfiche application to meet the definition of a trusted system. The State of California defines a trusted system as, "a combination of techniques, policies, and procedures for which there is no plausible scenario in which a document retrieved from or reproduced by the system could differ substantially from the document that is originally stored". (Source: California Government Code §12168.7(c))

9.0 PERFORMANCE & MONITORING

9.1 The Custodian of Records and IT Division are responsible for the performance standards and monitoring plans contained in this policy.

9.2 Performance Standards

9.2.1 Cost effectiveness of digitization projects:

9.2.1.1 Increased availability of OC San records to the public and appropriate personnel with a need for access.

9.2.1.2 Reduced risk of damage or inaccessibility to OC San records currently maintained in paper format.

9.3 Monitoring Plans

9.3.1 Sampling and validating digitized collections for integrity, security, and availability.

9.3.1.1 Scheduling (for retention) and reviewing the ECMS used to maintain digitized collections.
