- (A) the sole or active negligence or willful misconduct of the Indemnified Parties; or
- (B) a natural disaster or other act of God, such as an earthquake; or
- (C) the independent action of a third party who is neither one of the Indemnified Parties nor the CONSULTANT, nor its principal, officer, agent, employee, nor the CONSULTANT's supplier, consultant, Subconsultant, subcontractor, nor anyone employed directly or indirectly by any of them.

Exceptions (A) through (B) above shall not apply, and the CONSULTANT shall, to the fullest extent permitted by law, indemnify the Indemnified Parties, from claims arising from more than one cause if any such cause taken alone would otherwise result in the obligation to indemnify hereunder.

The CONSULTANT's liability for indemnification hereunder is in addition to any liability the CONSULTANT may have to OC SAN for a breach by the CONSULTANT of any of the provisions of this Agreement. Under no circumstances shall the insurance requirements and limits set forth in this Agreement be construed to limit the CONSULTANT's indemnification obligation or other liability hereunder.

The terms of this Agreement are contractual and the result of negotiation between the parties hereto. Accordingly, any rule of construction of contracts (including, without limitation, California Civil Code Section 1654) that ambiguities are to be construed against the drafting party, shall not be employed in the interpretation of this Agreement.

23. DUTY TO DEFEND

The duty to defend hereunder is wholly independent of and separate from the duty to indemnify and such duty to defend shall exist regardless of any ultimate liability of the CONSULTANT and shall be consistent with Civil Code Section 2782.8. Such defense obligation shall arise immediately upon presentation of a Claim by any person if, without regard to the merit of the Claim, such Claim could potentially result in an obligation to indemnify one or more Indemnified Parties, and upon written notice of such Claim being provided to the CONSULTANT. Payment to the CONSULTANT by any Indemnified Party or the payment or advance of defense costs by any Indemnified Party shall not be a condition precedent to enforcing such Indemnified Party's rights to indemnification hereunder. In the event a final judgment, arbitration, award, order, settlement, or other final resolution expressly determines that the Claim did not arise out of, pertain to, or

relate to the negligence, recklessness, or willful misconduct of the CONSULTANT, to any extent, then OC SAN will reimburse the CONSULTANT for any defense costs paid by CONSULTANT to the Indemnified Parties against such claims.

The CONSULTANT's indemnification obligation hereunder shall survive the expiration or earlier termination of this Agreement until such time as action against the Indemnified Parties for such matter indemnified hereunder is fully and finally barred by the applicable statute of limitations.

24. CONSULTANT PERFORMANCE

The CONSULTANT's performance shall be evaluated by OC SAN. A copy of the evaluation shall be sent to the CONSULTANT for comment. The evaluation, together with the comments, shall be retained by OC SAN and may be considered in future CONSULTANT selection processes.

25. COMPLIANCE WITH OC SAN POLICIES AND PROCEDURES

The CONSULTANT shall comply with all OC SAN policies and procedures including the Contractor Safety Standards, as applicable, all of which may be amended from time to time.

26. FORCE MAJEURE

CONSULTANT shall not be liable for any failure to perform or any impairment to its performance to the extent such failure or impairment is caused by any act of God, fire, flood, natural catastrophe, labor dispute or strike or shortage, national or state emergency, epidemic or pandemic, insurrection, riot, act of terrorism, war, act of government, any action or inaction of OC SAN or a third-party engaged by it, and/or any other event, occurrence or circumstance beyond the reasonable control of CONSULTANT. The compensation due CONSULTANT and the schedule governing the timing for CONSULTANT's performance shall be equitably increased and extended, respectively, to address any such impacts to CONSULTANT's performance, upon approval of OC SAN.

27. LIMITATION OF LIABILITY

CONSULTANT's liability to OC SAN under this Agreement shall be limited to the proceeds of insurance carried by CONSULTANT under this Agreement, but only to the extent CONSULTANT actually purchases and maintains the insurance required under this Agreement.

28. COST ESTIMATE

CONSULTANT's opinion of probable construction costs provided for herein are to be made on the basis of professional experience and qualifications and represent CONSULTANT's reasonable judgment as an experienced and qualified professional generally familiar with the construction industry. However, since CONSULTANT has no control over the cost of labor, materials, equipment, or services furnished by others, or over any contractor's methods of determining prices, or over competitive bidding or

market conditions, CONSULTANT cannot and does not guarantee that proposals, bids, or actual cost of construction will not vary from opinions of probable construction costs prepared by CONSULTANT. If OC SAN wishes greater assurance as to probable construction cost, OC SAN may employ an independent cost estimator.

29. CLOSEOUT

When OC SAN determines that all work authorized under the Agreement is fully complete and that OC SAN requires no further work from the CONSULTANT, or the Agreement is otherwise terminated or expires in accordance with the terms of the Agreement, OC SAN shall give the CONSULTANT written notice that the Agreement will be closed out. The CONSULTANT shall submit all outstanding billings, work submittals, deliverables, reports or similarly related documents as required under the Agreement within 30 days of receipt of notice of Agreement closeout.

Upon receipt of the CONSULTANT's submittals, OC SAN shall commence a closeout audit of the Agreement and will either:

- i. Give the CONSULTANT a final Agreement Acceptance: or
- ii. Advise the CONSULTANT in writing of any outstanding item or items which must be furnished, completed, or corrected at the CONSULTANT's cost.

The CONSULTANT shall be required to provide adequate resources to fully support any administrative closeout efforts identified in this Agreement. Such support must be provided within the timeframe requested by OC SAN.

Notwithstanding the final Agreement Acceptance the CONSULTANT will not be relieved of its obligations hereunder, nor will the CONSULTANT be relieved of its obligations to complete any portions of the work, the non-completion of which were not disclosed to OC SAN (regardless of whether such nondisclosures were fraudulent, negligent, or otherwise); and the CONSULTANT shall remain obligated under all those provisions of the Agreement which expressly or by their nature extend beyond and survive final Agreement Acceptance.

Any failure by OC SAN to reject the work or to reject the CONSULTANT's request for final Agreement Acceptance as set forth above shall not be deemed to be acceptance of the work by OC SAN for any purpose nor imply acceptance of, or agreement with, the CONSULTANT's request for final Agreement Acceptance.

30. ENTIRE AGREEMENT

This Agreement constitutes the entire understanding and agreement between the Parties and supersedes all previous negotiations between them pertaining to the subject matter thereof.

IN WITNESS WHEREOF, this Agreement has been executed in the name of OC SAN and the CONSULTANT by their respective duly authorized officers as of the day and year first written above.

The CONSULTANT shall provide the key management personnel as described in its proposal on this project. The CONSULTANT shall not reassign the key project personnel without prior approval of OC SAN. OC SAN may request the reassignment of any of the CONSULTANT's or its subconsultant's personnel, based on poor performance.

For all services, the CONSULTANT shall refer to the Engineering Design Guidelines (EDG), Chapter 01 for detailed requirements.

Quality Assurance/Quality Control (QA/QC): The CONSULTANT shall administer a program of QA/QC procedures for producing quality work and shall effectively manage and control the work. Specific procedures shall include but not be limited to planning, coordination, tracking, checking, reviewing, and scheduling the work. The CONSULTANT shall subject all work products prepared by the CONSULTANT to the CONSULTANT's in-house QA/QC procedures prior to submittal to OC SAN. QA/QC hours and costs shall be incorporated into other tasks within this SOW.

Task 4.1 – Project Management

The CONSULTANT shall be responsible for detailed management of the project, including managing its subconsultants, and shall keep OC SAN apprised of the status of the project.

The CONSULTANT shall conduct monthly project management meetings with OC SAN's Project Manager by conference call. These meetings shall be attended by OC SAN's Project Manager and the CONSULTANT's Project Manager at a mutually agreeable time, generally around the second week of the month. The purpose of the meetings shall be to review the CONSULTANT Project Manager's progress report, status of the project scope, budget, and any issues which may affect the completion of the project. Meetings should be arranged so that the progress report can be submitted shortly prior to or at each meeting.

Invoices: The CONSULTANT shall prepare and submit monthly invoices to OC SAN. The invoices shall document the labor hours and billing rate for each person that works on the project for each task in the work breakdown structure (WBS). Overhead, profit, and any direct costs shall also be shown for each task. As part of the summary section of the invoice, the CONSULTANT shall also include the following information:

- Log documenting work completed on past requests for information (RFIs), submittal reviews, and change order preparation
- Percent complete, tabulated on a per-task basis
- Cost to complete, tabulated on a per-task basis
- Overall project budget, tabulated on a per-task basis
- Travel and site visit summary
- Risks along with a log
- Out of scope items log

The CONSULTANT shall also provide the percent budget spent for each of OC SAN's WBS cost codes (i.e., by work package and phase). OC SAN shall provide a list of cost codes by phase to the CONSULTANT.

OC SAN will provide a sample invoice structure to the CONSULTANT after the issuance of the Notice to Proceed (NTP) for this SOW.

4.1.1 – PMWeb Procedures

This Professional Construction Services Agreement (Agreement) shall utilize PMWeb as the Project Control Management System (PCMS) for the overall management of the Agreement. All PCMS-related documents requiring formal signatures shall be digital, and all copies digitally distributed. The PCMS conforms to the requirements set forth in California Government Code section 16.5 regarding digital signatures; therefore, digital signatures are in full force and effect and are legally the same as a hand-written signature. At least one PCMS account shall have the authority to approve amendments.

OC SAN shall maintain the PCMS and serve as the administrator for the duration of this Agreement. OC SAN will provide the CONSULTANT with user access for approved personnel as needed for the duration of the Agreement. OC SAN shall control access to the PCMS by assigning user profiles and login credentials. The CONSULTANT shall notify OC SAN of any changes to personnel. Access modifications shall be coordinated as needed throughout the Agreement. Do not share PCMS account passwords with anyone inside or outside of the company.

Routine maintenance of the PCMS system may be required during the Agreement. Access to the PCMS system may be restricted or unavailable at these times and will be scheduled outside of typical working hours whenever possible.

The PCMS is a web-based environment and is therefore subject to the inherent speed and connectivity problems of the Internet. The CONSULTANT is responsible for its own connectivity to the Internet. PCMS response time is dependent on the CONSULTANT's equipment, including processor speed, Internet access speed, Internet traffic, etc.

OC SAN will not be liable for any delays associated with the utilization of the PCMS including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information.

OC SAN will provide a one-time virtual training session using MS Teams of up to two hours to train the CONSULTANT's designated staff on general system requirements, procedures, and methods.

Automated system notifications generated by PCMS (e.g., in-system notices, system-generated email, or email with attachment) shall constitute a formal written notification in compliance with the Agreement.

Task 4.2 – Workshops and Project Meetings

4.2.1 - Construction Hand-Off Workshop

The CONSULTANT shall participate in a one-hour virtual Construction Hand-Off Workshop using MS Teams. The purpose of the workshop is for the CONSULTANT and OC SAN design teams to transfer project-specific knowledge to OC SAN construction management and inspection staff that will be managing and monitoring construction. Topics that might be covered in this meeting include the following:

- Overview of the objective of the project
- Review of project elements
- Review of sequencing constraints
- Key issues to be addressed during construction
- Identification of risks and discussions of contingency plans

The workshop will be led by the CONSULTANT.

4.2.2 - PMWeb Procedures Meeting and Submittal Review Procedures Meeting

The CONSULTANT shall participate in a one-hour virtual PMWeb procedure meeting and submittal procedure meeting using MS Teams. The purpose of this meeting is to review the roles and logistics for the review and acceptance of construction contract documents and Contractor submittals. The CONSULTANT's Project Manager and Project Engineer shall attend.

The project will utilize PMWeb for submittal reviews, project communication, tracking, and management. When required by OC SAN, paper documents shall also be provided. In the event of a discrepancy between the electronic version and paper documents, the electronic documents within PCMS shall govern.

4.2.3 - Preconstruction Team Conference

The CONSULTANT shall participate in a two-hour virtual Preconstruction Conference using MS Teams attended by OC SAN staff, the CONSULTANT, the Contractor, subcontractors, public agencies, and vendors. This meeting shall be scheduled and presided over by OC SAN. In this meeting, OC SAN will describe the CONSULTANT's role in the project as the Design Engineer and the services the CONSULTANT will provide during construction. The CONSULTANT's Project Manager and Project Engineer shall attend. OC SAN will prepare meeting minutes and the CONSULTANT shall review and comment on the minutes. No deliverable is required to be prepared by the CONSULTANT.

4.2.4 - Weekly Construction Progress Meetings

The CONSULTANT shall participate by telephone, or via MS Teams, in the weekly construction progress meetings as requested by OC SAN (one hour). The CONSULTANT's Traffic Engineer and other CONSULTANT staff will also be required to attend, as needed. The SOW includes time for meeting preparation, travel time, follow-up, and review of meeting minutes. Progress meeting minutes will be prepared by OC SAN. No deliverable is required to be prepared by the CONSULTANT. Time for CONSULTANT's Traffic Engineer is included under Task 4.8, and time for other CONSULTANT staff is included under Task 4.5.2.

The CONSULTANT shall be available by phone, or via MS Teams, for an internal one-hour weekly construction progress meeting.

See Section V – Quantitative Assumptions in this SOW for the number of hours to be allocated for weekly construction progress meetings.

Task 4.3 – Site Visits and As-Built Reviews

Site Visits: The CONSULTANT shall make field visits to assist in field problem resolution and design clarification/verification to help resolve construction issues as they arise and as requested by OC SAN. The CONSULTANT's Traffic Engineer shall make field visits to inspect the traffic control setup when requested by OC SAN. The CONSULTANT shall report the nature of the field site visits, the problem resolved, and identify staff requesting the site visit in the CONSULTANT's monthly project report. Time for CONSULTANT's Traffic Engineer is included under Task 4.8.

See Section V – Quantitative Assumptions in this SOW for the effort to be allocated for site visits.

As-Built Review: The CONSULTANT shall review the Contractor's As-Built Drawings at 50 percent of project completion to verify the Contractor has included all relevant information from approved change orders and RFIs. The CONSULTANT shall prepare a report for each of these reviews and submit it to OC SAN. Deliverables shall be as described under Task 6.1.

Task 4.4 – Submittal Reviews

OC SAN will receive all submittals from the Contractor through PMWeb. OC SAN will send selected shop drawings and submittals for the CONSULTANT's review through PMWeb. The CONSULTANT shall review the shop drawings and submittals for conformance with the requirements of the contract documents within PMWeb and within 10calendar days after receipt of the submittal(s). The CONSULTANT shall return comments to OC SAN allowing sufficient time for OC SAN to incorporate all comments into a combined review comment set that OC SAN will return to the Contractor. The CONSULTANT shall accommodate occasional expedited reviews for time-sensitive submittals. Submittals shall include but not be limited to shop drawings, vendor tests, certifications, and test reports. All submittals will be made available electronically (PDF) through PMWeb.

See Section V – Quantitative Assumptions in this SOW for the effort to be allocated for submittals.

Task 4.5 – Request for Information (RFI)

The CONSULTANT shall respond to RFIs generated by the Contractor or OC SAN through PMWeb. The CONSULTANT's responses to OC SAN shall be as soon as possible or within five calendar days of receipt of the RFI, clarifying the requirements of the contract documents. The CONSULTANT shall generate necessary sketches, figures, and modifications to the drawings for clarification. When required to avoid schedule delay or additional construction-related costs, the CONSULTANT shall expedite the review of time-sensitive RFIs. It shall also be the goal to return responses for all RFIs on the day they are received (where no significant research, correspondence, or engineering is involved).

If any changes to the drawings are required, the CONSULTANT shall prepare these drawings and submit them through PMWeb as PDF files to OC SAN. The CONSULTANT shall update all AutoCAD drawings and specifications upon OC SAN acceptance of any changes resulting from RFIs and change orders.

The assumption for the effort involved in weekly assistance shall be as indicated under "Quantitative Assumptions" in this SOW.

Task 4.6 – Contract Document Modifications, Design Changes, and Change Orders

If the contract documents require modifications due to changed conditions, OC SAN requested changes, omissions, or design errors; the CONSULTANT shall prepare preliminary change order documents and forward them to OC SAN as needed. OC SAN shall review the proposed change and request the CONSULTANT to incorporate any changes. OC SAN will issue the change order documents in a formal Request for Proposal (RFP) or Field Change Order (FCO) to the Contractor. The CONSULTANT shall forward design calculations and other design backup documents as necessary to OC SAN. The CONSULTANT shall prepare cost estimates for the changes when requested by OC SAN.

Any contract document that requires changes shall be identified with the date of change and reference (RFI number, RFP number, FCO number, etc.) shown on the document. Changes shown on drawings shall be clearly marked and "clouded" for accurate identification of the scope of the change by the Contractor and inspection staff. The CONSULTANT shall maintain up-to-date contract documents. When a change is required on a contract drawing that has previously undergone a change, the updated drawing showing the previous change shall be used as the base document to identify new changes.

The CONSULTANT shall submit complete change documentation to OC SAN for use in RFIs, RFPs, and FCOs. This change documentation shall include plan drawings, schematics, details, schedules, and specifications, as required.

The CONSULTANT shall also allocate time for required efforts to analyze and provide input on issues that may arise daily such as interference of undisclosed utilities, traffic control issues, bypass evaluations, etc.

See Section V – Quantitative Assumptions in this SOW for the number of hours to be allocated for design changes and cost estimating assistance.

Task 4.7 – Public Outreach (Deleted from Scope of Work)

Task 4.8 – Traffic Control

The CONSULTANT shall secure the services of a Traffic Engineer to provide support for review, response, interpretation, and advice on project issues related to traffic control conditions, as well as to attend and participate in key meetings identified herein. Reviews and responses will be needed in support of RFIs, contract document modifications, and change order duties led by the CONSULTANT. The Traffic Engineer may be required to modify and generate new drawings to support the reviews and responses, and coordinate reviews and approvals with the permitting agency. The CONSULTANT's Traffic Engineer may be required to visit the site to inspect the traffic control setup at the request of OC SAN.

Task 4.9 – Geotechnical

The CONSULTANT shall provide Geotechnical Engineering services to provide support for review, response, interpretation, and advice on project issues related to geotechnical conditions, geotechnical baseline reports, geotechnical logs, and data reports, as well as to attend and participate in key meetings identified herein. The CONSULTANT shall provide reviews and responses in support of shop drawing submittals, RFIs, contract document modifications, and change order duties led by the CONSULTANT.

PHASE 5 – NOT USED

PHASE 6 – CLOSE OUT

Closeout tasks include the completion of punch list work by the Contractor, final inspection, completion of Record Drawings, and electronic data. The CONSULTANT shall submit a final invoice at the completion of the project.

Task 6.1 – Record Drawings

When requested by OC SAN, the CONSULTANT shall attend one preliminary as-built meeting with OC SAN and the Contractor to inspect the Contractor's draft As-Built Drawings to verify that the Contractor has included all relevant information from approved change orders and RFIs. As part of the review process, the CONSULTANT shall verify that the Contractor's draft As-Built Drawings correctly reflect the information included in the approved shop drawings, RFI's approved FCOs, plan clarifications, plan changes, and other deviations from the conformed drawings, and that the information in the set is complete. Based on the findings, the CONSULTANT shall prepare an email summary on the completeness of the field markup set. The CONSULTANT shall allow for one meeting/visit to review the Contractor's in-progress As-Built Drawings. It is anticipated this meeting will occur when construction is at 50 percent complete.

After completion of construction, OC SAN will transmit to the CONSULTANT the Contractor's final As-Built Drawings. At that time, the CONSULTANT shall meet with OC SAN's Inspectors and Resident Engineer to ensure Contractor's As-Built Drawings for completeness.

The CONSULTANT shall prepare draft Record Drawings from the Contractor's final As-Built Drawings for all drawings in accordance with the requirements in the CAD Manual. The CONSULTANT shall submit the draft Record Drawings to the OC SAN Resident Engineer. The draft Record Drawings will be reviewed for content and CAD compliance by OC SAN staff. A comment log will be returned to the CONSULTANT and, if any comments are generated, the

CONSULTANT shall revise the Record Drawings and resubmit them to the Resident Engineer for review of the changes and acceptance of the Record Drawings.

When no additional comments are identified, the CONSULTANT shall prepare the final Record Drawings and submit them to the OC SAN Project Manager. All hard copies of the Contractor’s final As-Built Drawings shall be returned to OC SAN at this same time. All Record Drawings shall contain a stamp indicating:

Record Drawings

These Record Drawings have been prepared based on information provided by others. The engineer has not verified the accuracy of this information and shall not be responsible for any errors or omissions which may be herein as a result.

The stamp shall optimally be placed in the bottom right-hand corner of the border and may be included by x-ref. If importing the stamp by x-ref interferes with content in the bottom right-hand corner, the stamp may also be placed in other open spaces along the bottom of the border. In addition, a note shall be placed over the engineer’s seal stating that “This drawing was originally approved for construction by [name of engineer] on [date] and sealed by [name of engineer] a licensed professional engineer in the State of California No. [License number] “. The CONSULTANT shall submit an electronic copy of the Record Drawings to OC SAN for review and acceptance. The acceptance of the Record Drawings shall be deemed a condition for the completion of work.

The Contractor generated as-built drawings described in the EDG and the shop drawings will not be updated by the CONSULTANT.

The format and quantities for delivery of the submittals shall be as specified in the EDG section titled “Software and Electronic File Format Requirements” and as listed below:

Contents	Draft Record Drawings	Final Record Drawings
Hard Copy Sets	None	None
All related electronic files, including CAD and compiled PDFs, excluding Traffic Control Sheets	Transmit Electronic Files to OC SAN	Transmit Electronic Files to OC SAN

Task 6.2 – Project Management

The CONSULTANT shall also include project management support labor hours related to closeout activities per requirements stated in Phase 4, Project Management Task.

4. STAFF ASSISTANCE

The OC SAN staff member assigned to work with the CONSULTANT on the construction phase of this project is Hardat Khublall at (714) 720-6965, email to: hkhublall@ocsan.gov.
