Agenda Report

File #: 2019-550

Agenda Date: 11/4/2019

Agenda Item No: 5.

FROM: James D. Herberg, General Manager

SUBJECT:

DRAFT 2020 LEGISLATIVE/REGULATORY PLAN

GENERAL MANAGER'S RECOMMENDATION

RECOMMENDATION:

Information Item.

BACKGROUND

Each year, the Board of Directors adopts a legislative and regulatory plan, which is a summary of the Orange County Sanitation District's (Sanitation District) goals, key issues, and policy positions. The legislative and regulatory policies in this document were developed taking into consideration the Sanitation District's priorities, the wastewater industry, and the Sanitation District's member agencies and policy needs.

These Board-approved policies serve as the Sanitation District's official positions of support or opposition on issues of importance to the agency. The legislative and regulatory plan is a dynamic document, adopted annually, and is modified to meet the needs of the Sanitation District as Federal, State, and local policymaking agendas change throughout the year.

RELEVANT STANDARDS

- Maintain influential legislative advocacy and a public outreach program
- Build brand, trust, and support with policy makers and community leaders
- Maintain collaborative and cooperative relationships with regulators, stakeholders, and neighboring communities
- Listen to and seriously consider community input on environmental concerns
- Use all practical and effective means for resource recovery

PROBLEM

Local and Federal legislation and regulations can have significant impacts on the Sanitation District's ability to accomplish our mission. Impacts from legislative action can affect the Sanitation District and our customers either positively or negatively. Also, the Sanitation District and other public agencies are sometimes precluded from pursuing innovations and solutions to problems without new legislation or changes to existing laws and regulations.

PROPOSED SOLUTION

The draft 2020 Legislative and Regulatory Plan, which will go to the full Board in December, includes our platform and approach to engaging with Federal, State, and local governments to inform and advocate for the Sanitation District's legislative interests. This program includes sponsoring and monitoring legislation and grants that would benefit the Sanitation District's customers and the wastewater industry, in addition to advancing our mission. The program also includes relationship building activities and outreach to our elected officials by providing facility tours, one-on-one meetings, and trips to D.C. and Sacramento.

TIMING CONCERNS

The final 2020 Legislative and Regulatory Plan is scheduled to go the Legislative and Public Affairs Committee and Board in December for approval and adoption. It is important that the draft plan be reviewed in November, prior to the final version submitted in December.

RAMIFICATIONS OF NOT TAKING ACTION

If we do not effectively work with the local, State, and Federal elected officials, legislation could be passed that negatively affects the Sanitation District and the wastewater industry as a whole. Additionally, the Sanitation District could miss out on of grant funding opportunities.
