## **ADDITIONAL INFORMATION**

A Request for Proposal (RFP) was issued on February 22, 2022 via PlanetBids. Proposals were due on April 7, 2022. OC San received two responsive proposals valid for 180 calendar days from the proposal opening date. No protests were received for this solicitation.

Prior to receipt of proposals, an Evaluation team was formed consisting of the following OC San staff: Safety Supervisor, Engineering Supervisor, two Sr. Safety & Health Representatives, and a Safety & Health Representative. The team was chaired by a Purchasing representative as a non-voting member. On April 14, 2022, the Evaluation team met to discuss the policies and procedures for the evaluation process.

Individual scoring was the chosen method of evaluation for this procurement. Members of the team performed an independent review of the proposals and later met as a group with the Purchasing representative to discuss their preliminary scores and any questions/concerns they had. Proposals were evaluated based on the following criteria:

CRITERION	WEIGHT
1. Qualifications of the Firm	25%
2. Staffing and Project Organization	15%
3. Work Plan	40%
4. Cost	20%

The Evaluation team first reviewed and scored the proposals based upon the criteria listed above, other than cost.

Rank	Proposer	Criterion 1 (Max 25%)	Criterion 2 (Max 15%)	Criterion 3 (Max 40%)	Subtotal Score (Max 80%)
1	Clean Harbors	23%	14%	36%	73%
2	HCI Environmental	16%	8%	16%	40%

All proposals were accompanied by a sealed cost proposal. Only the cost proposal for the highest ranked firm was opened.

Rank	Proposer	Subtotal Score without cost (Max 80%)	Cost (Max 20%)	Total Weighted Score (Max 100%)
1	Clean Harbors	73%	20%	93%

The team entered negotiations with Clean Harbors to clarify the cost proposal provided and request a Best and Final Offer (BAFO). Through these negotiations, Clean Harbors reduced some of their rates, reclassified line items, and applied a discount to some of the fees. The following table summarizes the revised cost achieved through the negotiation process:

Rank	Proposer	ORIGINAL ANNUAL COST	BAFO
1	Clean Harbors	\$504,885.38	\$345,164.42
